

## **Office Cleaning**

Routine cleaning, focused on maintaining a clean, organized, and professional work environment.

Includes:

- Trash removal and surface cleaning
- Floor care (vacuuming, sweeping, mopping)
- Restroom and breakroom cleaning
- High-touch point disinfection

## **Medical & Dental Office Cleaning**

Detailed cleaning for healthcare environments where cleanliness and consistency are critical.

Includes:

- Waiting areas and exam room cleaning
- Restroom sanitation
- Surface disinfection and touchpoint cleaning
- Trash removal and floor care

## **Post-Construction Cleaning**

Final cleaning services for newly built or renovated spaces, preparing the area for occupancy.

Includes:

- Dust and debris removal
- Surface and fixture cleaning
- Window and glass cleaning
- Floor cleaning and finishing touches

Important:

Our services are structured for consistency, with every client starting from a detailed initial cleaning and continuing with scheduled maintenance.
