

DEEP CLEANING SERVICE

Our Deep Cleaning Service is a thorough, top-to-bottom cleaning designed for homes that require more attention than routine maintenance. This service focuses on removing accumulated dirt, dust, grease, soap scum, and stubborn buildup while providing detailed cleaning of areas often overlooked during regular cleaning.

Deep Cleaning is recommended for first-time clients, homes that have not been professionally cleaned recently, or homes with noticeable buildup that requires additional time, effort, and attention to detail.

This service includes everything in our Standard Cleaning Service, plus the following detailed cleaning tasks:

KITCHEN

- **Countertops & Surfaces:** Thoroughly scrub and clean accessible countertops and surfaces to remove accumulated grease, food residue, dirt, and buildup.
- **Kitchen Sink & Faucet:** Deep-clean and scrub the sink, faucet, drain opening, and surrounding areas to remove accumulated grime, water spots, and mineral deposits.
- **Stovetop:** Thoroughly scrub stovetop surfaces, burners, removable grates, and accessible areas to remove accumulated grease, burnt-on food residue, and buildup.
- **Backsplash:** Scrub backsplash surfaces to remove grease splatters, food residue, and accumulated grime, paying attention to grout lines where applicable.

- **Appliance Exteriors:** Thoroughly clean and detail the exterior surfaces of the refrigerator, oven, microwave, and dishwasher, including accessible handles, edges, and crevices.
- **Microwave Interior:** Thoroughly clean the inside of the microwave, including the turntable and accessible interior surfaces, to remove food splatters, grease, and stuck-on residue.
- **Cabinet & Drawer Exteriors:** Hand-wipe and detail cabinet doors and drawer fronts, including handles, edges, corners, and decorative grooves, to remove grease, fingerprints, and accumulated dirt.
- **Small Appliances:** Detail-clean accessible exterior surfaces of small appliances to remove accumulated dust, grease, and residue.
- **Baseboards & Trim:** Hand-wipe and clean accessible baseboards and trim to remove accumulated dust, dirt, and visible grime.
- **Doors & Door Frames:** Thoroughly wipe doors, frames, handles, and accessible edges to remove fingerprints, smudges, and buildup.
- **Light Fixtures & Vents:** Detail-dust and wipe accessible light fixtures and ventilation covers to remove accumulated dust and debris.
- **Window Sills & Tracks:** Thoroughly clean accessible window sills, ledges, and tracks to remove accumulated dust, dirt, and debris.
- **Interior Windows:** Clean accessible interior window glass to remove fingerprints, smudges, and visible residue.
- **High-Touch Surfaces:** Detail-clean light switches, door handles, and frequently touched areas.
- **Floors:** Thoroughly sweep and mop accessible hard floors, paying special attention to corners, edges, and accumulated surface dirt.
- **Trash:** Empty trash cans and replace liners using client-provided bags.

BATHROOMS

- **Toilets:** Thoroughly scrub, clean, and sanitize the toilet bowl, seat, lid, tank exterior, accessible base, and surrounding exterior surfaces.
- **Sinks & Faucets:** Deep-clean sinks, faucets, and drains to remove accumulated toothpaste residue, soap scum, grime, and mineral deposits.
- **Countertops:** Thoroughly scrub and clean accessible countertops to remove accumulated dirt, grime, and buildup.
- **Mirrors:** Thoroughly clean mirrors to remove fingerprints, water spots, toothpaste splatters, and visible residue.
- **Showers & Bathtubs:** Thoroughly scrub and clean shower walls, bathtub surfaces, shower doors, and accessible corners to remove accumulated soap scum, grime, hard water deposits, and stubborn buildup.
- **Shower Glass & Fixtures:** Detail-clean shower glass, faucets, showerheads, handles, and other accessible fixtures to remove water spots, mineral deposits, soap scum, and accumulated residue.
- **Tile & Grout:** Scrub accessible tile surfaces and grout lines to remove accumulated dirt, grime, and surface buildup.
- **Cabinet & Drawer Exteriors:** Hand-wipe and detail cabinet doors and drawer fronts, including handles, edges, and corners, to remove accumulated dirt, fingerprints, and residue.
- **Baseboards & Trim:** Hand-wipe accessible baseboards and trim to remove accumulated dust, dirt, and grime.
- **Doors & Door Frames:** Thoroughly clean doors, door frames, handles, and accessible edges to remove fingerprints, smudges, and buildup.
- **Light Fixtures & Vents:** Detail-dust and wipe accessible light fixtures and ventilation

covers to remove accumulated dust and debris.

- **Window Sills & Tracks:** Thoroughly clean accessible window sills, ledges, and tracks to remove accumulated dirt, dust, and debris.
- **Interior Windows:** Clean accessible interior window glass to remove water spots, fingerprints, and smudges.
- **High-Touch Surfaces:** Detail-clean light switches, door handles, and frequently touched areas.
- **Floors:** Thoroughly scrub and mop accessible bathroom floors, paying extra attention to corners, edges, grout lines, and areas around the toilet.
- **Trash:** Empty trash cans and replace liners using client-provided bags.

BEDROOMS

- **Furniture:** Thoroughly dust and wipe accessible furniture, including nightstands, dressers, desks, and headboards, to remove accumulated dust, dirt, and surface residue.
- **Shelves & Décor:** Detail-dust accessible shelves, picture frames, lamps, and decorative items, including corners, edges, and commonly overlooked surfaces.
- **Ceiling Fans:** Thoroughly dust and wipe accessible ceiling fan blades and exterior surfaces to remove accumulated dust.
- **Blinds:** Detail-dust and wipe accessible blinds to remove accumulated dust and dirt.
- **Light Fixtures & Vents:** Detail-dust and wipe accessible light fixtures and ventilation covers to remove dust and debris.
- **Baseboards & Trim:** Hand-wipe accessible baseboards and trim to remove accumulated dust, dirt, and visible grime.
- **Doors & Door Frames:** Thoroughly clean doors, door frames, handles, and accessible

edges to remove fingerprints, smudges, and buildup.

- **Window Sills & Tracks:** Thoroughly clean accessible window sills, ledges, and tracks to remove accumulated dust, dirt, and debris.
- **Interior Windows:** Clean accessible interior window glass to remove fingerprints, smudges, and visible residue.
- **Mirrors:** Thoroughly clean accessible mirrors to remove fingerprints, smudges, and dust.
- **High-Touch Surfaces:** Detail-clean light switches, door handles, and frequently touched areas.
- **Corners & Edges:** Remove accumulated dust and debris from accessible corners, edges, and commonly overlooked areas.
- **Beds & Linens:** Make beds and change bed linens upon request, using client-provided clean linens.
- **Light Tidying:** Straighten visible items without reorganizing personal belongings.
- **Carpets & Rugs:** Thoroughly vacuum accessible carpets and rugs, paying additional attention to edges, corners, and areas along baseboards.
- **Hard Floors:** Thoroughly sweep and mop accessible hard floors, including corners and edges.
- **Trash:** Empty trash cans and replace liners using client-provided bags.

LIVING ROOMS & COMMON AREAS

- **Furniture & Tables:** Thoroughly dust and wipe accessible furniture, coffee tables, end tables, entertainment centers, and other surfaces to remove accumulated dust, dirt, and residue.
- **Shelves & Décor:** Detail-dust accessible shelves, picture frames, lamps, and decorative items, paying attention to edges, corners, and overlooked areas.

- **Electronics:** Carefully detail-dust accessible exterior surfaces of televisions, entertainment systems, and other electronics using appropriate cleaning methods.
- **Ceiling Fans:** Thoroughly dust and wipe accessible ceiling fan blades and exterior surfaces to remove accumulated dust.
- **Blinds:** Detail-dust and wipe accessible blinds to remove accumulated dust and dirt.
- **Light Fixtures & Vents:** Detail-dust and wipe accessible light fixtures and ventilation covers to remove accumulated dust and debris.
- **Baseboards & Trim:** Hand-wipe accessible baseboards and trim to remove accumulated dust, dirt, and visible grime.
- **Doors & Door Frames:** Thoroughly clean doors, door frames, handles, and accessible edges to remove fingerprints, smudges, and buildup.
- **Window Sills & Tracks:** Thoroughly clean accessible window sills, ledges, and tracks to remove accumulated dust, dirt, and debris.
- **Interior Windows:** Clean accessible interior window glass to remove fingerprints, smudges, and visible residue.
- **Mirrors & Glass Surfaces:** Thoroughly clean accessible mirrors and glass surfaces to remove fingerprints, smudges, and dust.
- **High-Touch Surfaces:** Detail-clean light switches, door handles, and frequently touched areas.
- **Corners & Edges:** Remove accumulated dust and debris from accessible corners, edges, and commonly overlooked areas.
- **Light Tidying:** Straighten throw pillows, blankets, and a small number of visible items without reorganizing personal belongings.
- **Carpets & Rugs:** Thoroughly vacuum accessible carpets and rugs, paying additional attention to edges, corners, and areas along baseboards.
- **Hard Floors:** Thoroughly sweep and mop accessible hard floors, including corners and

edges.

- **Trash:** Empty trash cans and replace liners using client-provided bags.

HALLWAYS & ENTRYWAYS

- **Furniture & Surfaces:** Thoroughly dust and wipe accessible furniture, entryway tables, shelves, and decorative surfaces to remove accumulated dust, dirt, and residue.
- **Baseboards & Trim:** Hand-wipe accessible baseboards and trim to remove accumulated dust, dirt, and visible grime.
- **Doors & Door Frames:** Thoroughly clean doors, door frames, handles, and accessible edges to remove fingerprints, smudges, and buildup.
- **Blinds:** Detail-dust and wipe accessible blinds to remove accumulated dust and dirt.
- **Light Fixtures & Vents:** Detail-dust and wipe accessible light fixtures and ventilation covers to remove accumulated dust and debris.
- **Window Sills & Tracks:** Thoroughly clean accessible window sills, ledges, and tracks to remove accumulated dust, dirt, and debris.
- **Interior Windows:** Clean accessible interior window glass to remove fingerprints, smudges, and visible residue.
- **Mirrors:** Thoroughly clean accessible mirrors to remove fingerprints, smudges, and dust.
- **High-Touch Surfaces:** Detail-clean light switches, door handles, and frequently touched areas.
- **Corners & Edges:** Remove accumulated dust and debris from accessible corners, edges, and commonly overlooked areas.
- **Carpets & Rugs:** Thoroughly vacuum accessible carpets and rugs, paying additional attention to edges, corners, and areas along baseboards.
- **Hard Floors:** Thoroughly sweep and mop accessible hard floors, including corners and

edges.

NOT INCLUDED IN DEEP CLEANING

The following tasks are not included in our Deep Cleaning Service:

- Cleaning inside closets.
- Washing dishes.
- Laundry or folding clothes.
- Organizing personal belongings.
- Excessive decluttering or removal of large amounts of trash.
- Moving heavy furniture or large appliances.
- Cleaning underneath furniture or appliances that cannot be safely accessed.
- Exterior window cleaning.
- Removal of permanent stains, discoloration, rust damage, or surface deterioration.
- Restoration of severely damaged or neglected surfaces.
- Mold remediation or removal of hazardous mold growth.
- Cleaning pet waste, bodily fluids, or hazardous materials.
- Cleaning areas requiring unsafe access or specialized equipment.

IMPORTANT SERVICE INFORMATION

Home Condition: Deep Cleaning is intended for homes that require more detailed attention than routine maintenance. Homes with severe neglect, excessive clutter, or unusually heavy buildup may require a customized quote or additional services.

Detailed Cleaning: Deep Cleaning includes more intensive scrubbing, dusting, hand-wiping, and attention to accumulated buildup. The service focuses on both commonly used surfaces and frequently overlooked areas.

Stains & Buildup: While Deep Cleaning is designed to remove accumulated dirt, grease, soap scum, and mineral deposits, complete removal cannot be guaranteed. Permanent stains, severe hard water deposits, discoloration, rust damage, and damaged surfaces may not be fully restored.

Sanitization: Toilets are cleaned and sanitized using appropriate products according to their label instructions. Other bathroom surfaces, including showers, bathtubs, sinks, and countertops, are thoroughly cleaned but are not sanitized or disinfected.

Accessibility: All cleaning areas must be safely accessible. Cleaners do not move heavy furniture, appliances, or excessive personal belongings. High areas are cleaned only when they can be reached safely using approved equipment.

Window Cleaning: Interior window glass, accessible window sills, ledges, and tracks are included. Exterior window cleaning is not included.

Bed Making & Linen Changes: Beds can be made and linens can be changed upon request. Clients must provide clean replacement linens.

Additional Services & Special Requests: The services listed above outline what is included in our base cleaning packages. We understand that every home has different needs, and clients are welcome to request additional cleaning tasks or special services. All additional requests must be discussed and approved in advance, as they may require extra time and additional

charges. Some services may not be available due to safety concerns or equipment limitations.

Pricing: Deep Cleaning requires additional time, labor, and attention to detail compared to Standard Cleaning. Pricing is based on the home's size, condition, and cleaning requirements.

Service Adjustments: If the home's condition requires work beyond the agreed-upon Deep Cleaning scope, additional charges or a customized service may be necessary. Any changes will be discussed with the client before additional work begins.
