

Deep Cleaning

Our Deep Cleaning Service is a detailed, top-to-bottom cleaning designed for homes that need extra attention. This is recommended for first-time clients, homes that haven't been professionally cleaned recently, or spaces with visible buildup.

What's included:

Everything in our Standard Cleaning Service, plus:

- Detailed scrubbing of bathrooms (removal of soap scum, grime, and buildup)
- Deep kitchen cleaning (stovetop, backsplash, and exterior appliances thoroughly cleaned)
- Hand-wiping baseboards, doors, and trim
- Dusting of blinds, vents, and hard-to-reach areas
- Interior window cleaning (where accessible)
- Detailed attention to high-touch and neglected areas

Important:

Deep Cleaning requires more time and effort and is priced accordingly. Severe clutter, excessive trash, or hazardous conditions are not included and may require additional services.
