

I'm Donald Trump, i hope you knew,
because just groveling before me is the best that you could do

i'm sure you knew, i'm President,
we can forget the world and all its woes, for me prestige the main event

trumpty dumpty, built some wall, expecting problems then to fall
when if they don't, or if they do, i'll just tell heaps more lies to you ...
if you're so dumb that you can't see, my prime concern is me me me
then everybody sees me shine, cos in my world it's all sublime

covid-19, it's going away,
go run outside and skip and jump, so let the children out to play

because i'm dumb, i just don't know,
i'm running on reserve, which means it's all done based upon my own ego

trumpty dumpty lost his brain, so what he says is all the same
whatever is a guy to do, when all he seems to talk is poo
Donald T don't be a jerk, you're sending everyone berserk
what we need to all be free is shake you out the white house tree ...

dumb dumb dumb, that's what you are
yet you still seem to think that you're a shining star

oh no no no, i'm sure you're not
and you keep begging to me please forget me not

there's no disease, we're winning through
this is the crap that he gets paid to keep on spouting off to you

well now i'm done, songs not too long
if you've got any sense at all you know its time that trumpty dumpty's gone

time to tuck up Donald for the night and let him sleep
trumpty dumpty little boy has had a busy day
somewhere in his mind i'm sure reality will take a peak
until then please understand we're gonna have to pay

"is there time, for one more term, to let me drive the car
promise this time i'll be good, and focus more on you
then i'll let you be my friend, and if i can use, you as you are
know, that i will always love you true."
