

HE CREATED THEM MALE AND FEMALE

# Our Creator - Our Life

Yahweh - Heavenly Father

---

# **Our Creator - Our Life**

**He Created Them Male And Female**

---

**He blessed them and called them “human.”**

**He looked over everything He had made  
and He saw that it was “very good.”**

**Heavenly Father, when He created us, gave us  
some instructions for life. He told us to be  
fruitful and multiply (have more like us), He told  
us to reign over the fish in the sea, the birds in  
the sky, and all the animals that scurry along the  
ground, and He told us what to eat. “I have given  
you every seed-bearing plant throughout the  
earth and all the fruit trees for your food.”**

## FORWARD

**O**NE of the most important facets of the human race to understand is that we are created human beings from a Creator, not evolvments. We didn't just fall out of the sky like a rain drop and evolve into the 206 bones, 900 ligaments, millions and millions of tiny protein filaments that make up more than 600 muscles, 7 trillion nerve cells, lungs that process 75 million gallons of air in a lifetime, a cardiovascular system that carries oxygen from the air He created into the blood stream and through vital organs that process and use it made up of our heart, lungs, veins, arteries, kidneys and liver. And that heart He created in us will pump between 750 and 1000 pints of blood a day through our filter treatment plant made up of 59,951 miles of blood vessels. Oh, and it will beat approximately 700,000,000 (*that's millions*) times in a lifetime.

And, while there's much more to our created system which you can read about in newsletter #1 - "***Creation In His Image***" we don't want to overlook the brain.

Richard Allen  
Messenger, Publisher

It's with that puppy we are given the capability of being free to make choices. It stops growing physically by the time we're about 15 years old, needs lots of amounts of stored energy for thinking and is still sending out electrical wave signals up to about 37 hours after we take our last breath and expire.

We know it is the brain that is the capture point of communications between ourselves and our Heavenly Father through what we also think is an "electrical/chemical" method of communications, all by His perfect design within the law and order of the universe He created.

Our life then, is not some accident waiting to happen occurrence. Yes it does come in some cases, with questionable results from birth which we aren't about to explain except to say that behind life that appears "scrambled" with disease and distortion may in fact hold in it's path generational disobedience or cost for disobedience sometimes ten generations deep. For example, and this is His law and order, not a statement of condemnation, "If a person is illegitimate by birth, neither he nor his descendants for ten generations may be admitted to the assembly of Yahweh". **Deuteronomy 23:2**

Illegitimate births are outcasts. That's the purity of our Father's creation and consequences for disobeying His law and order.

He further exemplified entire nations and their descendants for up to ten generations whom He exempted from His realm of created existence when He banned Ammonites and Moabites from assembling in His presence. "No Ammonite or Moabite or any of their descendants for ten generations may be admitted to the assembly of Yahweh." **Deuteronomy 23:3**

It's simple to see then, generational consequences are a fact of life, and that's the decision of our Creator, Yahweh, not you or I. But, it is without saying, obedience lies at the basis of prevention just as repentance is the turning point of acceptance of His Righteous standards.

Are we perfect? Absolutely not.

Why do you suppose there was in place during His Temple/Priestly realm of life on earth, a system of sin sacrificial steps to be taken, some personal, some national to correct errors in judgement or just forgetfulness in the acts and actions of His chosen nation (*thus all who believe Him*). He knows we are not perfect. He knows we err.

However, He will not put up with or accept arrogant and rejecting actions against His directives for life. He will not tolerate intentional disobedience, so don't kid yourselves about thinking one can sneak sin and get away with it. It doesn't work and one may pay for it in these mortal bodies of life (*70-odd-years or so*), or for sure at judgement when everything and everybody will be

exposed for their thoughts and actions while we live and breath. Worse, one may create a generation gap because of one's disobedience for up to ten generations after you're dead and gone. So one must think about what one decides to do about his relationship with our Heavenly Father because it may not involve corrective direction from Him for just you, but generations and generations beyond you.

So you see dear readers, our Creator IS our life. He's not just some "pie-in-the-sky" icon or far away symbol that one can think one can fool or trick and slide through life sinfully, disobediently, and especially disrespectfully and get away with it. Won't work, just will not work.

He IS our Creator, thus our life, and there is no other nor is there any other way to gain the reward of eternal life (*thus eternal bliss in His presence*) without the basis of life, obedience to His Created law and order.

## 1. **LET'S GET REAL**

**I**T is a never-ending battle when we encounter people who concern themselves with their religion ahead of concerning themselves with the Creator of the Universe, Yahweh, our Heavenly Father.

Christianity, the largest religion on earth boasting of about 2.2 billion people, is hell-bent on driving home a son of a god savior in whom they tell is the only way to heaven, yet we know without a shadow of a doubt, no one goes to heaven. We defy anyone to open any grave on earth that hasn't been vandalized and show it to be empty of either a body of bones, or a body of bones turning to dust. You won't find an empty one, none.

Sure, people die in all sorts of fashions and their bodies deteriorate, some buried, some drowned, some cremated, or just blown up by a bomb while defending a nation. But, we die, our bones begin to deteriorate to dust and our personalities rest in death as He described to us. "As for you (*Daniel*), go your way until the end. You will rest, and then ***at the end of the days***, you will rise again to receive the inheritance set aside for you." **Daniel 12:13. "You have rescued me from death**; you have kept my feet from slipping. So now I can walk in your presence, O Heavenly Father, in your life-giving light". **Psalm 56:13**

These are the words of the Creator of the Universe and as disputed as they are and vehemently challenged we counter with

the fact that while we are bad-mouthed for sharing His words, this particular religion can't even get it's act together generating some 45,000 different denominations all promising some false doctrine about a physical savior from heaven other than our Heavenly Father. And, within those denominations, there is infighting and unbelief one to another to no end, some of it violently. Hardly a representation of a universe Created in perfect law and order.

Yahweh's heaven does not contain flesh and blood humans. It contains He and His angels and as impossible as it is to completely comprehend, He and His angels have always existed, always.

So, here's our Creator of all matter, seen and unseen, creation accomplished in a fashion that scientists have spent millenniums and trillions of dollars trying to figure out, trying to duplicate and worse, battling with each other and religion over creation or evolution and completely ignoring His very words for us to live our lives by.

Religion thinks it has it's answers, science thinks it has it's answers and here are you and I caught completely in the middle because we believe only in the words of our Heavenly Father of Abraham, Isaac and Jacob.

Reality proves itself in the creation. Sharing some of that with you in the forward section of this booklet, that the human anatomy is the same no matter where we come from, where

we've been or where we're going. We all bleed red blood. That's reality and needs no argument.

Only fingerprints define the difference in the human creation of His structure of the body to generate life-giving cells (*men*) or receiving and nourishing life-giving cells to birth (*women*). Slanted or rounded eyes, black or white skin, makes no difference. Inside the torso are red blood cells pumped by the heart to keep the body afloat along with the blessings of the external air and food He provides to combine the two and keep us alive for some 70-odd-years or so before taking the very last breath of that provided air.

That's reality and it doesn't matter what religion you think you need to belong to for socializing together, none of them make a hill of beans difference about the short life we live before we expire and turn back to the dust, of which He used to create the first two of us.

Thus, religion has no bearing on life. Government has no bearing on life. He created neither, yet in His wisdom and discernment of His ultimate desire to have a binding relationship with the human He created, He controls the destiny of both whether they believe or don't believe in His words of reality for living on this planet.

He is our creator, not our god, and we use that term in His honor (*creator*) because over 4200 religions on earth submit themselves to a god, and we don't. He's our Father in Heaven,

the Creator of all matter and the keeper of that Creation headed toward an eventual culmination and allowing us the privilege of accepting Him and His words of life, or rejecting Him and His words of life along the way.

This is reality. Eventually He will act with an eternal miracle that will catch every religious-bound human being completely off guard and every politically-bound human being with dropped jaws as they discover all of their preaching and all of their governing has been in vain.

That miracle is set aside for His believers and He especially outlined it for us with a man on earth He loved very much, Daniel. “Don’t be afraid (*Daniel*),” he said, “for you are very precious to Heavenly Father”. **Daniel 10:19**

## 2. **OUR LIFE**

**O**UR life is wrapped up in a physical physique driven by a mental machine and while the body does possess the capability of “talking” with the mind, it is the mind itself that is the mover and shaker of life. Coupled with its senses it reacts and responds beginning normally with a very loud cry when someone spans us on our butts after leaving the protection of the woman He created for just that task.

Thus, instructions for the physical are generated in the mental and it is the mentality that our Heavenly Father deals with when instructing and directing our lives. The body just follows one or the other, pro or con.

Innocently born on this earth, we soon use our minds in the wrong direction as He reminds us that it is the evil side of life that children tend toward, not the good. We attribute that condition to the first pair who were created fully developed human beings with adult minds capable of choosing right from wrong, simply obedience to our Creator or disobedience to our Creator.

Their choice ushered in two conditions that did not exist when Adam was made from the dust of the ground and Eve was made from a rib of Adam. Death and evil.

At the outset, death did not exist. Both Adam and Eve were blessed with eternal life, IF they followed His instructions. Evil was not prevalent when they were created, but they brought it to

existence by disobeying a simple instruction from our Heavenly Father.

Had they obeyed the simple instruction of not partaking of a particular fruit of the garden of Eden in which they resided, they would have lived forever, and they would have never known the evil side of existence.

Let me clarify that. Evil was not created, it existed, but it existed in the realm of our Heavenly Father and His angels and was not a part of human creation. The mentality of evil was not in the minds of the first two humans, the two of them brought it in.

Eternal life is a condition that Yahweh and His angels have always existed in. They've always been. Hard to conceive but none the less, His realm of existence has been and will be forever.

Adam and Eve's choice to disobey His simple instruction of not doing something He didn't want them doing was a test of their obedience, but when you think about it, it was also a condition that set the stage for the entire existence of the human race.

So, no speculation about "what if." Every human being and every animal and all of the offspring generated in their fruitfulness would have lived forever on this earth. Where would we have all lived there would have been so many of us, etc.

That's His realm of wisdom and understanding friends, and what we know today is that about 180 billion human beings who have lived and are living (*7.6 billion*) on earth today face the same destiny offered Adam and Eve, eternal existence. Our life, then, is wrapped up in achieving that same goal. The only difference is that because of disobedience, eternal life was interrupted and the test of obedience continued on in to generations of new bodies on earth while ancestry have died and are waiting in death for eternal results.

So, if every person who has ever lived and are living today were now in the eternal realm of existence, how would 180 billion people and as many animals if not more, live on the surface of this earth?

They won't.

The destiny of our existence relies on the mentality of our obedience and as outlined in newsletter #61, "***Everlasting Life Locations***", we end up in one of three locations on or in this earth. With Him in Jerusalem (*Israel*), away from Him in other nations on earth in shame and disgrace or the worst, deep inside the pit of the earth wherein bodies are eaten away at by the worm but never consumed and are burnt up by fire but never turned to ash.

Our Heavenly Father has defined all three in His words between the books of Genesis and Malachi, the only true word of

the Creator of the Universe and the only true word anyone should read, understand and apply on this short 70-odd-years or so journey in our mortal bodies.

Our Creator is our life and He's laid down His law and order in which we need to live that life to gain the eternal bliss He has waiting for those who do. And here's the best part of it all friends, it's all the same. There's not one lifestyle for the Jew and another for the American, or a way of life for the European that differs from that of the Jamaican.

All around the world, everywhere we believers are now scattered, His word, His steps of life are the same for all of us and following those words, obeying His instructions and laws, all of which are the same for everyone, gives us the opportunity to live with Him forever.

Hallelujah!

### 3. **OUR CREATOR**

**O**UR Creator is not a god that some ideas picture as some unreachable icon. He is the Creator of all matter from the expanse of the universe to the molecules that make up our body and the air we breath. Creator, and Heavenly Father, not a god falling into the classification of some 4200 religions on earth today.

As a result of that belief, anywhere He is referred to as "god" in His words from Genesis to Malachi, we title Him as our "**Heavenly Father**" or our "**Creator**". And, wherever his name is referenced as "lord" in His words from Genesis to Malachi, we call Him by the name He gave Moses, **Yahweh**.

Defined as our Father in Heaven who is also well capable of entering His creation and manifesting Himself to those He choses, as a Father we depend on Him and only Him to guide us through this short 70-odd-years of mortal life we have.

Doesn't mean He takes us by the hand and leads us around on a leash like we do our pets because He gave us His word, His instructions for life and we find them well defined in the "old" testament books of Genesis to Malachi. His written words beginning at Mt. Sinai are the instructions for all of our lives no matter what nationality we are or where on earth we reside.

Further, He also fills minds with His influence and in the heat of our battle with the evil of this world, He can do that if He

wishes to be heard from the mouths of mortals. That influence is referenced as His Spirit. Micah was a great example of the Spirit-filled influence of the Creator of all matter as were others:

But as for me, ***I am filled with power— with the Spirit of Yahweh***. I am filled with justice and strength to boldly declare Israel's sin and rebellion. **Micah 3:8**

He can, has and does intervene in His created human existence when He sees fit for His own glory. He walked the garden with Adam. He influenced the mind of Noah. He directed the path of Abraham appearing to him in metaphoric symbol and voice. He lifted up Moses and His written word began on earth. He strengthened Joshua and the entire land He promised Abraham became the land of Israel, and yes, today He speaks to us in our minds, in our dreams and in visions always bringing honor and glory to Himself in the process. And, very importantly for we believers, He protects us with angels of whom He has allowed to be visually manifested in our realm of existence from time to time, and more, angels empowered with such strength and power that just one was assigned to protect His chosen nation and annihilated 35,000 enemy warriors in one night.

Try not to imagine Him within the realm of humanness. Understand that the capability of His creation, the entire universe, is an unmatched event that cannot be duplicated. See Him as large as He is when He describes His physic as using our entire

world as a footstool. "Heaven is my throne, and the earth is my footstool." **Isaiah 66:1**

Understand how small the entire universe is in comparison to the creativeness and power of just His hands. "The sea belongs to him, for he made it. His hands formed the dry land". "He holds in his hands the depths of the earth and the mightiest mountains." **Psalms 95:5,4**

When He comes back to earth physically, His brilliance and power will be uniquely demonstrated. "His coming is as brilliant as the sunrise. Rays of light flash from **his hands, where his awesome power is hidden**". **Habakkuk 3:4**

When He raises us, it will be the strength of His Creative light that will draw us out of death. "For **you have rescued me from death**; you have kept my feet from slipping. So now I can walk in your presence, O Heavenly Father, **in your life-giving light**". **Psalms 56:13**

And, in that power and mercy, as believers the most awesome miracle of creation will take place as we are brought out of death: "But **those who die in Yahweh will live; their bodies will rise again! Those who sleep in the earth will rise up and sing for joy! For your life-giving light will fall like dew on your people** in the place of the dead! **Isaiah 26:19**

Thus, this is the Heavenly Father in whom we as believers trust with all our heart, mind and soul.

The power of His existence is so bright few in all the earth have ever been able to look upon Him and live through it. But, that same power that He created the universe and us, will also be used to reconstruct us in the “end of days” at which time we will live with Him forever in the land He’s promised His people, forever.

So never look again to our Heavenly Father as religion does, an unreachable icon, a man-made figure of sorts that over 4200 religions on earth stabilize for their own self made desires rather than what He is. An active force of a law and order that only He can provide for eternal existence and ready to welcome home “His” people to be with Him.

“If you will obey me and keep my covenant, **you will be my own special treasure** from among all the peoples on earth; for all the earth belongs to me”. “**They will be my people,**” says Yahweh of Heaven’s Armies. “**On the day when I act in judgment, they will be my own special treasure**”. **Exodus 19:5**  
**Malachi 3:17**
