

Letters Kissing

Each letter needs to kiss the same letter. You need to connect two uppercase letters that are the same. Each line needs to cross over at least one lowercase letter. The lowercase letter needs to be the same letter as the uppercase letter.

Draw a line that connects one letter to one other letter to kiss. Draw your lines over the trace lines. No lines may cross. Once you draw a line to a letter, that letter cannot be used again.

One complete line has already been drawn for you. A part of each of the other lines has also been drawn for you.
