**Putting a  
Smile on  
Children's  
Faces...**

“One student walked in pretty mopey and when the volunteer opened a pair of high-top sneakers, his entire face lit up and he was literally speechless, he looked like he had just been given a pony on Christmas morning. A girl came in wearing boy shoes with holes in them and walked out with pink, sparkly shoes and huge smile on her face. I've often wondered what I will do with my retirement, and I am 100 percent sure that volunteering with Happy Feet will be at the top of my list.”
