TAKE YOUR LEADERSHIP TO THE NEXT LEVEL

In our world that's become incredibly complex, filled with relentless change and unpredictable ambiguity, the need has never been greater for highly-proficient leadership at the executive level.

- **Forge a more influential presence.**
- **Sharpen and leverage your executive brand.**
- **Navigate to a politically savvy higher altitude.**

As your career journey climbs to a new level, you'll find yourself in a more complicated world where the stakes are higher ... where you're less dependent on management ability and more dependent upon leadership and influence abilities. The Executive Leader Forum offers crucial platforms to:

- **Raise your consciousness** about extending yourself amid the increased complexity as you rise through the enterprise.
- **Expand your world view** on relationships and vital communication at every level.
- **Develop, demonstrate and utilize** influence power.
- **Enable mental presence** amid stress.
- **Build intellectual power and strength** in order to be influential, have impact and make a difference.
