

T&C's

- The Dollhouse is a private studio where we aim to create a safe environment for everyone. We don't allow friends and family to be present during your appointment as a safety precaution and to ensure privacy for our clients. Thank you for understanding.
- I will prepare your design beforehand and this will be reviewed on the day of your appointment. We can make changes and try different sizes and placements then. In some cases the project might also need to be freehanded.
- All designs will be customised based on your instructions, and tattooed in my style (please use examples of my work to show your preferences).
- I cannot tattoo you if you're pregnant, breastfeeding or on some types of medication (eg blood thinners). It is your responsibility as a client to inform me of your current situation.
- Please make sure you don't plan holidays, swimming, sunbathing or any sport events for at least three weeks after your tattoo appointment.
- Once aftercare advice is provided, it is your responsibility to follow the correct procedures and get in touch should you need any help.
- I offer free touch ups for the first three months after your initial appointment, please send a photo with description of what needs to be done. Please note that the minimum charge of £70 will be required for touch ups on high risk areas - hands, fingers and feet.
