## September 2019 Mile Challenge Results

---

We had eight shooters turn out to take the mile challenge. Most had been practicing for weeks and hitting the target. Unfortunately the weather did not cooperate this gusty windy Saturday and nobody managed to hit the target twice. We don't get to pick the weather.

Carl, Charlie, Glen, and Mike managed to get one target hit each in the allotted 10 rounds in ten minutes. Bernard, Carol, Randy, and Jim all got skunked. We'll do it again soon.

Thanks to Jack for being our target runner to verify hits and setting up all the practice sessions.
