* **Tuition** is 10 equal payments, based on all classes averaged out over the season.

****Unlimited Base Rate** per family. \$245 will be your base rate for the whole family up to the 7-hour mark. Once 8 hours has been reached, there will be an additional \$75 for each student. Example: Two dancers taking a total of 7 hours a week is \$245 a month. Two dancers taking a total of 9 hours a week will be \$245 (unlimited base rate) plus \$75 for an additional child, equaling \$320 a month. Three dancers taking a total of 11 hours a week would be \$245 (unlimited base rate) plus \$150 for an additional 2 children, equaling \$395 a month.

Tuition is **NON-REFUNDABLE**

We require at least 20 days' notice of a dancer dropping a class. All accounts will be charged up to the 20th day after you notify the studio in writing (email preferred), not the last class attended.

Auto-Pay

Signing up for auto pay is easy using your dancers' DSP portal. Please let us if you need help. All auto payments will be deducted on the 1st of each month, or the first weekday following the 1st. Auto withdraw will include total account balance. This may include any fees incurred after the previous month's draft. Costumes fees will be posted in October and withdrawn on November 1st.
