

2019 Emergency and Health Care Alliance Central Coast Expedition for PTSD

Dear Potential Expedition Sponsor;

Violence and traumatic events take place in our workplace every day. For many

Emergency Services and Allied Health Care workers PTSD is very real. Every day Emergency and Health Care workers experience workplace traumatic and violent experiences. These experiences can compound over time or from one single traumatic experience. Emergency Services personal ie: Firefighter, Police and Paramedics experience traumatic experience daily. Health Care workers such as Nurses also experience traumatic and violent experiences daily as well. In both cases

PTSD diagnosis symptoms leave many staff impacted from their worksite experiences.

The 2019 Emergency and Allied Health Services Central Coast Expedition will take place from August 1 – 10, 2019. The ten (10) day expedition will see participants backpack, raft and ocean canoe within the Central Coast of BC. The expedition is a **PTSD Awareness and Wounded Warriors Canada** fundraiser. Participants will be raising funds over the several months in efforts to support PTSD community programs. Participants will be coming from both the Emergency Services and Health Services field.

We are looking for event sponsors to ensure we meet our fundraising

goals. In return for your generous donation your Corporation / Business or Union logo will be proudly displaced through-out the expedition. As well as all print advertising and newspaper articles will mention your generous. This event will bring regional, provincial and national attention to it. Your logo will be proudly displayed as one of the sponsors of this important awareness event supporting your members as they engage in their fundraising and 10 day expedition. You make your donation directly to the Canada Helps link

below and your donation will go directly to our overall fundraising goal. You also receive a direct Tax Deduction for your support of this event immediately after your donation. Please don't hesitate to contact us to discuss your support for this incredible awareness expedition.

Regards
