Quality Management System (QMS)

Introduction

This scope has been produced in line with the requirements of the latest quality management system standard ISO9001: 2015 Clause 4.3. We will ensure that it is made available to all interested parties.

The scope details the types of products and services covered and justification for any requirements not covered by the scope.

Scope

Smith Bros Pipe, Inc., located in Midland Tx, is a trusted source for casing and tubing solutions, specializing in oilfield tubulars, reclamation services, Inventory Management, and logistics.

Clause 8.3 Design and Development is excluded from the QMS as Smith Bros does not conduct D & D activities and responds to client requirements.
