HENRIKSEN STUDIO LTD

Company Registration No: 12274442. Registered Office: 25 Green Lane, Crawley, Surrey, HA6 2UZ, United Kingdom.

JOB TITLE	Facade Designer
CONTRACT TYPE	Permanent, full-time
SALARY	Negotiable

ABOUT HENRIKSEN STUDIO

Henriksen Studio is a fast-growing facade engineering and Passivhaus design consultancy, delivering innovative solutions using the latest facade technologies. Our work includes combining facade engineering with Passivhaus design to achieve industry leading energy efficiency for high-rise buildings.

We design beautiful, low-energy buildings which aim to meet net zero carbon targets and make a genuine difference to climate change. They specialise in creating attractive solutions to complex design challenges with a focus on unique façades and geometric, light-weight steel and glass structures.

Henriksen Studio is one of a handful of highly specialist companies who all work as a community to meet the inexhaustible demand for façade engineering.

JOB DESCRIPTION

Henriksen Studio is seeking a UK-based Facade Designer with 2 – 5 years' experience to work closely within our founding team of leading facade design and engineering professionals. Projects have a vast range of scale, detail, and complexity. The position requires the ability to work on multiple projects at a time, at both technical and aesthetic levels. Tasks range from conceptualising building envelope schemes to drafting technical façade construction details.

The position requires frequent interaction with clients, contractors, and manufacturers so impeccable written and spoken communication skills are necessary, together with façade design experience. Strong CAD skills are also essential.

The company is based in London, but remote working is embraced.

MAIN DUTIES AND RESPONSIBILITIES

- Focused on the design development and management of façade engineering projects.
- Involvement in the creative process of designing façades with key architects.
- Assist in resolving and developing future buildings to meet today's demands for net zero carbon buildings and reacting to the climate change crisis.
- An interest in Passivhaus design and implementation of Passivhaus on large scale high-rise buildings in London.
- Producing 2D and 3D CAD drawings with an appropriate level of detail, based on principles and dimensions communicated from colleagues and collaborators through sketches and emails.
- Using company procedures in a positive and proactive manner to achieve the correct end result for the projects.
- Producing sketch, drawing and specification deliverables, coordinated with other parties and ensuring a high standard of work.
- Contributing to internal R&D initiatives and production of technical notes.
- Representing Henriksen Studio at workshops, design team meetings and site meetings with clients and collaborators, when appropriate.
- Customer orders.

The above list is not exclusive or exhaustive and the post holder will be required to undertake such duties as may reasonably be expected within the scope of the post. All team members are required to be professional, co-operative, and flexible in line with the needs of the post, the Department and Henriksen Studio.

PREFERRED SKILLS & QUALITIES

You will have most or all of these skills, qualities and experiences, and will be able to demonstrate and discuss them in your application and/or at interview:

- BSc or Higher Diploma in Architecture and/or Engineering, with a focus on facades.
- Experience in the field of construction.
- Experience in and a strong aptitude for facade design, particularly unitised curtain wall systems.
- Well versed with 2D and 3D design software including (but not limited) to AutoCAD.
- Working knowledge of and experience with Rhinoceros 3D and Revit.
- Working knowledge of and experience with software for building physics analysis and structural analysis.
- Good 3D hand sketching skills.
- Highly organised and able to work flexibly, under pressure and to tight deadlines.
- Drive, enthusiasm, and a collaborative approach.

- A flexible approach to working hours, particularly during busy periods.
- Strong written and verbal communication skills.
- A keen interest in architecture and sustainability and a willingness to travel.

You may have experience of the following: Facade Designer, Design Director, Facade Design, Architecture, Architect, Architectural Assistant, RIBA, Assistant Architect, ARIBA, Junior Architect, Architectural Technician, BIM, CAD, Engineering, etc.

APPLICATION DETAILS

Henriksen Studio is committed to upholding the Equality Act 2010 and encouraging equality and diversity within our workforce and all opportunities provided by the studio. We encourage applications from all backgrounds and communities and are committed to having a team that is made up of diverse skills, experiences, and abilities.

To apply, your applications should be in the form of a covering letter (no more than one A4 page) and a two-page CV addressed to Toyah Moulton and emailed to jobs@henriksenstudio.com with details of salary expectations.
