

Revival in the Marketplace

Brief Description

We are a family ministry dedicated to taking the Gospel beyond the four walls of the church-into the heart of the marketplace. We have traveled to 19 nations of the earth, teaching and imparting biblical principles that empower believers to dominate in their sphere of influence. We have not only been in full-time ministry, but have also owned businesses, combining practical and Godly wisdom to equip believers to fulfill their calling. Whether you're a business owner, employee, student, or creative, your platform can be used to win the lost, grow the local church, and see your community transformed.

Event Format

- 3 Nights of Teaching & Impartation (preferred) - but we are flexible and can adjust to fit your scheduling.
 - How to dominate in your sphere of influence
 - Boldness & vision for reaching the lost
 - Cultivating urgency to use your platform at any level
 - Strategies for growing the local church
- Evening Services - Teaching, impartation, and ministry
- Daytime Soulwinning - Learn to reach people in streets, businesses, and public spaces
- Leadership Luncheon - Business & ministry leaders network over lunch (everyone pays for their own meal) while learning how to grow their business using Godly principles.
- Street Evangelism Training - Hands-on outreach using modern tools and connection methods for discipleship.

Note: This event is free for all attendees.

What We Need

- Venue: A church or hall with sound system. Worship team is welcome, but not required.
- Attendees: People hungry for revival - those who desire to see their city reached with the Gospel.
- Support:
 - We cover our own travel expenses.
 - We ask for a love offering to help support the ministry.
 - If a host or business would like to cover housing or meals, it is appreciated but not expected.
 - Business sponsorships for the event are welcome.

Our Heart

Jesus said: 'Two men will be in the field; one will be taken and the other left.' - Matthew 24:40

Picture two co-workers side by side. One is taken, the other is left behind - not because they weren't friends, but because the one who knew Jesus never shared Him. The time is short. We must work while it is still day. Our mission is to equip and activate believers to bring in the harvest - right where they are.
