

Momentum Integrated Services is a woman-owned small business (WOSB) providing project integration, logistics, and program support for healthcare, infrastructure, and technology environments. We help agencies, contractors, and owners bridge gaps from planning through operations—especially in rural health, federal care, and mission-critical projects.

1. Contract & Proposal Support

- RFP and bid response coordination, including teaming strategy & compliance documentation
- Technical content development, formatting, & narrative support
- Contribution to project phasing, management approach, & RFI tracking

2. Program & Project Management

- PMO and administrative support, including stakeholder coordination & decision tracking
- Schedule, budget, & risk management across program lifecycle
- Federal documentation, milestone tracking, & compliance alignment

3. Planning, Studies & Master Planning Support

- Feasibility studies, facility utilization analysis, & gap assessments
- Clinical & functional programming alignment
- Master planning coordination with owners, architects, & engineers

4. Rural Health & Infrastructure Support

- Rural health strategy, grant execution, and funding alignment
- Compliance tracking, reporting, and public-sector engagement
- Infrastructure planning and implementation support

5. Procurement & Logistics

- FF&E & specialty equipment procurement & delivery coordination
- Warehouse logistics, installation scheduling, & last-mile execution
- Asset tagging, inventory reconciliation, & vendor interface support

6. Activation & Operational Readiness

- Activation planning, end-user coordination, and staff onboarding
- Equipment demos, occupancy transition, and go-live readiness
- Post-occupancy assessments and lessons learned documentation

7. Federal & Technical Integration

- Cross-functional coordination with A/E/C teams & infrastructure stakeholders
- Document control, submittal tracking, & compliance support
- Telecom, data system, & cybersecurity integration planning

Key Differentiators

- **WOSB-Certified & Federal-Ready:** Woman-owned, SAM.gov registered, with a deep understanding of federal healthcare programs including CMS, VA, & HHS
- **Healthcare & Rural Expertise:** Proven success across hospitals, clinics, & rural systems with grant alignment & compliance support
- **End-to-End Support:** Services span feasibility, master planning, logistics, & activation across the full facility lifecycle
- **Infrastructure-Capable Partner:** Skilled in telecom, utility, & data center coordination—augmenting your team without disrupting it
