Turkey pickup will be at our Rock Ridge Farm location (261 Otterkill Road). At that time we will also sell any available greens or other crops that we have from the fields. If you reserve a turkey you must be available to pick it on your assigned date. We CANNOT hold turkeys for people as we do not have the cooler space to hold all of them. The price is \$8.00/lb (CSA Members get \$1/lb off).

Due to the demand of fresh processing we must process over the course of November. The turkeys will be fresh/flash frozen or fresh depending on size request and availability. We cannot guarantee a particular size. Our Turkeys have been in the 8-30lb range. You can put in a request for a preferred weight on your order form, and we will try and match your order. The weight of the bird you receive may vary. We will not starve or overfeed our birds to make a specific weight. We will assign pick up dates depending on size requested and date received.

Full payment will be required when you come to pick up your bird. As the specific weight of each turkey is unknown until the turkeys come back from the processor, the total cost will be calculated at the time of pick-up.
