

Hyssop

Purification • Warding • Spirit-Light

The Sacred Herb of Cleansing Breath

Overview

Hyssop is one of the oldest and most revered cleansing herbs in the witch's cabinet. Its magic is crisp, cutting, and sanctifying — a force that strips away spiritual residue, dissolves corruption, and restores the practitioner's inner clarity. Long used in rites of purification and renewal, Hyssop carries the bright, wind-borne energy of sacred air. It is not a gentle herb; it is a purifier, a boundary-setter, and a restorer of spiritual brightness.

Notes for the Practitioner

Hyssop is a herb of sharp sanctity. It does not soothe; it clarifies. It does not comfort; it cleanses. Call upon it when your spirit feels clouded, when your space requires purification, or when your tools must be stripped of old energies. Treat it with reverence — its magic is ancient, bright, and unwavering.
