**Cream Blush – Wine Color**

## FAQ

### *Why should I not use soap on my face?*

Your body's natural oils help protect your skin by keeping it moisturized.

Washing your face with soap may strip the natural oils from your skin. Stripping these oils causes your body to produce more oils, resulting in even oilier skin. A better way to clean your face is to apply a small amount of olive oil or coconut oil and rinse with cool water.

## DID YOU KNOW?

Professor Fatma Gul, M.D.

Alev Cosmetics' products are doctor recommended. Professor Fatma Gul, M.D. reviews our ingredients and evaluates our products. She believes we have some of the best products in the market – good for the skin and free of harmful chemicals.
