MESSAGE FROM THE PRESIDENT

Thank you for following my journey, as I strive to make organic products that improve our lives, beauty and provide education about personal care products.

This issue of Organic-Life focuses on [Plastics in our Oceans](#).

Our company is actively supporting and following another journey, that of Erden Eruç, the Westbound Rower, as he attempts to become the first person to row unassisted between the Americas and Asia while he documents plastics problems in the Pacific Ocean. This effort will cost \$125,000.

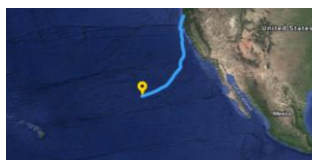

[Please join us in supporting his efforts by donating.](#)

One of Erden's missions is to raise awareness of the problem of plastics pollution in our oceans. Please visit erdeneruc.com to follow Erden's progress from California to Asia and to learn more about his goals.

Yours organically,
Alev
