We are a nonprofit organization of gays against the sexualization, indoctrination and medicalization of children under the guise of LGBTQIA+

On June 17, 2023, Hudson Pride Co. is hosting an event at Lakefront Park that advertises a Children's Story Time with drag queen "Slaymantha Fox," a drag queen whose identity is hidden. We oppose drag queen events involving children. Please contact your local representatives to voice your disagreement with Hudson Pride's hosting a drag queen story hour with children and visit our web page for more information and resources.
