

Breaking All the Rules

They said he'd never live
Amazingly he did,
Oh no said she's too young
Look at what she's done
I can't say, you can't say
what's within the grasp,
reach oh lord we've got to teach

**We're Breaking All The Rules Breaking All The Rules
Breaking All the Rules now Meant to be broken, ya, ya, ya**

They thought we'd never fly
Like eagles through the night
Now we bounce around the moon
Amazing what the mind can do

Limitation on imagination,
decreases destination
You can't do this- You can't do that- oh

**We're Breaking All The Rules Breaking All The Rules
Breaking All The Rules now meant to be broken, ya, ya, ya**

If I told you we are limitless
Would you sit or would you run with it
And break them rules, break them rules

**Breaking All The Rules Breaking All the Rules
Breaking All the Rules now meant to be broken
Meant to be broke, meant to be broken meant to be broke**
