

## *I Ain't Given Up*

Said I ain't giving up got too much pride  
I'm given up, on societies lies I'm giving up,  
on all your negative vibes

You say I'm gonna fall, well get back up  
I'm hitting walls, it's made me tough I may crawl,  
but I'm crossing the finish line

It's time to believe, it's time to achieve yah for me  
This fire inside, ain't ready to die on the dream  
So believe me, I ain't giving up ain't giving up

I ain't giving up, got too much drive  
I'm giving up, on your failure to try I'm giving up,  
trying to justify

You say I'm too young, well I've just begun  
You're too old, hell I'll rock that boat You don't know,  
well I'm here to figure it out

Heart on the line, fire inside, is here to breathe  
I'll die while I try, before I decide to kill the dreams  
so believe me, I ain't giving up

I've got love, I've got trust, I've got faith to help me rise above  
I've got dreams and beliefs pushing me to me destiny  
cause anything you choose or do or want in your life  
don't you know that it starts inside let no one else  
live your life ain't giving up - ain't giving up

I got nothing else to give but love  
what's you thinking of  
I ain't giving up, ain't giving up

I ain't giving up on living,  
I ain't giving up on living, .....
