iCymbal®

MEDIA DEVICE MOUNTING SYSTEM

Your tools. Your kit. Your workstation.

BUILT FOR DRUMMERS

Designed by a drummer to keep digital and analog tools within easy reach while maintaining a clean, professional-looking setup.

VERSATILE DEVICE MOUNTING

Works with tablets, laptops, phones, clipboards, set lists and more—with most any style of protective case.

ONE-STEP MOUNTING

Set up affordable mounting hubs in multiple locations. Conveniently move and securely mount your device in one smooth motion.

FLEXIBLE PLACEMENT

Position your device wherever a cymbal stand can reach for optimal viewing and easy access.

SECURE AND STABLE

Industrial hook-and-loop fastening provides a secure hold—technology NASA astronauts have used for decades.

DURABLE CONSTRUCTION

Rugged, lightweight ABS design. Built for the demands of live performance.

MADE IN USA

Designed, tooled and manufactured in the USA.

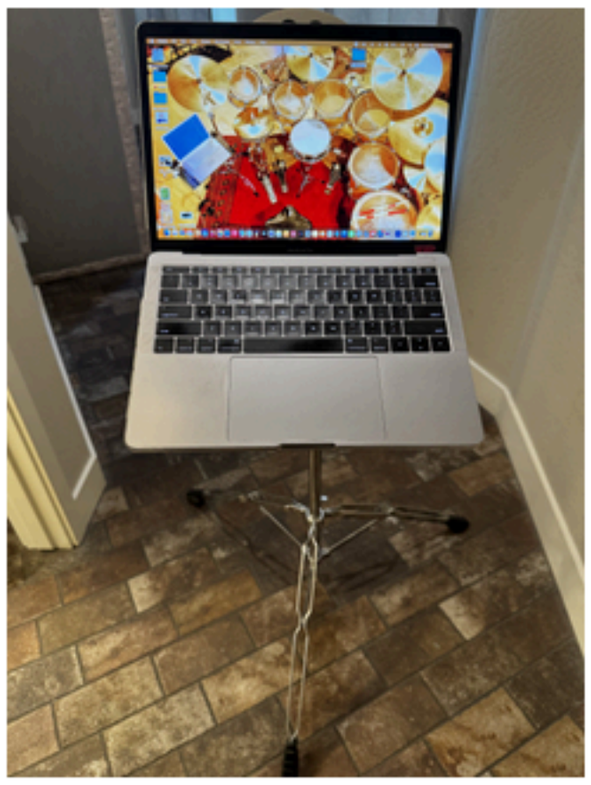

PROVEN INNOVATION

7 patents, years of real-world testing and used in TV, film and live performance.
