HAWAX Corporation was originally established in 2013 under the name of Heavy General Service (HGS). The company has undergone major changes in 2016 and has updated its name to HAWAX Corporation. These changes were done to better represent our values and services.

With our extensive footprint in the nation's recent oil and gas activities, HAWAX delivers dependable high-quality EPC services that address a complete range of operational needs. Our geographic reach and service capacity mean customers benefit from the best servicing solutions regardless of the challenge complexity or phase in the good lifecycle.

At Basic, our services and solutions are scalable to match each customer's unique demands. We back these with ancillary services that deliver added value and support our offerings with some of the most experienced professionals in the industry. We have built our business from the ground up with local leadership. We know the field, the well, the challenges, and how to solve them.

From our headquarters in Erbil Kurdistan, we support conducting operations all over Iraq. Across every business segment, our regional expertise and responsiveness help keep production flowing safely and efficiently.
