Special experiences and skills that I would bring to the position:

Why I'm interested in being on the Board:

I have read the Board Member Position Description (on our web page, under Governing Documents, By-Laws) and understand the responsibilities involved in being a member of the Bay Village Board of Directors.

I am a homeowner of Bay Village; I have access to email; I am current in payment of assessments (or a payment plan has been agreed upon with the Board); I do not hold a joint ownership of the same Bay Village property as another person on the Board; I have no past criminal conviction that would prevent the HoA from purchasing fidelity bond coverage.

I feel I have time to devote to this position if appointed by the Board or elected.

My signature below confirms the above statements to be true.
