Our Founder

Nadia S Hughes

Nadia is a pioneer in the Holistic Trichology world. Proud owner of Hair Again in weeks, she has made it her mission to bring awareness to the benefits of taking a holistic approach to trichology and building a network of professionals who can not only further that mission but learn from and support each other along the way.

Nadia focuses her practice in holistic healing. She assists her clients by helping them uncover the root cause of their hair loss issues. With a focus on cellular regeneration and controlling internal inflammation she is able to help her clients achieve life changing results. Nadia is also a certified research assistant with the University of Chicago Illinois.

She is currently conducting research in CCCA a scarring alopecia affecting African American women. She is also the founder and president of Trichologist's on a Mission (TOAM) an organization of trichology practitioners across the United States, Canada, The Caribbean, and Mexico, with a goal of educating the community by educating stylist and barbers on the epidemic of hair loss. Nadia has trained over 250 practitioners world wide.

By sharing knowledge with beauty professionals to bring light to their communities they serve. And understanding how to make changes in their daily life to enjoy there best life when their mind and body are balanced and healthy. That's why we take a holistic approach to preventing and reversing disease.

April Kearney

Trichology Practitioner

April Kearney Holistic Practitioner of Trichology and Wellness Advocate for doTERRA Essential oils. I am owner/operator of BllinG Salon and Retail and BllinG. Hair Restoration and Revival Clinic I also manufacture Custom Blends by BllinG.

Received formal training over the years through the IAT, Pravana, Avalon, WTS, and am a doTERRA Wellness advocate and educator. Receiving training from doTERRA international.

Offer many specialties, and with each one she prioritize educating those that are receiving any of my services. What she's most known for is the quality and nurturing care that she provides, which cultivates an atmosphere for continued awareness which can lead to healthy hair growth and total wellbeing from the inside out! With 29 years of experience, her skills of expertise range from identifying root causes of disfunction and developing customized protocols for treatment as well as cosmetology services of the latest fashion color techniques, trendy cuts, customized essential oil blending, healthy transition styles, natural hair, creative protective styling and the service of Trichology treatments for challenging hair and scalp issues.

Shayna Simone

Certified Trichologist

Shayna Simone is the founder of Amora Luxe Hair Restoration Center & Amora Luxe Salon in the Metro Detroit (MI) Area. With over 9 years of experience in the hair and beauty industry, Shayna is a certified Trichologist with the World Trichology Society and Hair Loss Practitioner with the International Associations of Trichologists. In, 2021 she opened her hair loss clinic and she specializes in treatment and hair care services to help with various forms of hair loss, hair thinning and scalp problems.

Prior to Shayna's hair loss restoration journey, she graduated from the Aveda Institute as a licensed Stylist in 2013. In 2015, she opened Amora Luxe hair salon that now has a team of stylists that provides the highest quality of professional hair care products, service and personalized education, including luxury hair, microlink, ITIP and tape-in extensions.

Credentials: Certified Trichologist, WTS
Hair Loss Practitioner, IAT
Holistic Practitioner of Trichology, HPT

When Shayna isn't working hair magic, she and her husband, Darius, are on the go, cheering on their three children, Darius, Jr., Jon and Morgan in various sport and dance competitions.

Monica Dickenson

Certified Trichologist

Monica Evette Dickenson the incredible owner of Hair Saviours! After graduating from Garfield High School in Woodbridge Virginia Monica began her career in the cosmetology industry, in 1993 Monica earned her Cosmetology License from the state of Virginia. Since receiving her license She has amassed almost 30 years as a dedicated technician and business owner. After several years of working in salons, Monica decided she could better serve her clients by becoming her own boss and opened a mobile salon; Cosmetology Specialty Services in 2004. Throughout her career Monica noticed that a large amount of her clients experienced different forms of hair loss (Alopecia, Male and Female pattern, Telogen. Etc.) and had no place to turn to gain knowledge of their ailments and/or treatment to help them maintain or regrow their hair. Her dedication to serving her clients compelled her to research and study hair loss and its treatments, obtain formal training and become a Certified Trichologist. As Monica's passion for treating hair loss grew she became an affiliate with Wigs for Kids, a non-profit organization that provides wigs and hair services for kids with cancer. Monica's commitment to serving those suffering from hair loss was quickly noticed by the Trichology community and she was awarded the honor of USTI Associate Trichologist of the year in 2018. The recognition of her clients and the Trichology community enforced her decision to revamp her business model and thus "Hair Saviours" hair loss and wellness center was founded in May of 2020. Monica began developing the Hair Saviours brand by working as an independent contractor for a family medical practice and salons throughout northern Virginia. Monica has spent the last 2 years building Hair Saviours and opened the first Hair Saviours location in Stafford Virginia in the spring of 2021. Her certifications that include:

- Certified Holistic Trichology Practitioner-2020
- Certified in Hair Replacement - 2017
- Certified Trichologist - 2018
- Certified in Men's Prothesis - 2018
- Wigs For Kids Affiliate-2017

Kimberly Jenkins

**Certified Trichologist
Bauman Certified
Hair Coach**

Kimberly Jenkins

Kimberly Jenkins is a licensed cosmetologist, WTS Certified Trichologist, and a Bauman Certified Hair Coach. Kimberly has been with Bauman Medical since 2015, where she oversees SalonB, the hair salon inside Bauman Medical. Patients that visit SalonB have the pleasure of receiving trichology assessments and therapeutic scalp treatments. Additionally, Kim provides consultations along with scalp and hair treatment education and product guidance. Kim is skilled in the area of nonsurgical hair replacement and routinely performs Hydrafacial Keravive treatments as well in SalonB.

Before joining the Bauman Medical team, Kim owned and operated a successful beauty salon in Boynton Beach, FL. Kim's passion for hair from an early age is what led her to continue her education, and eventually, she began teaching cosmetology.

Kim is currently the U.S. Trichology Trainer for Cesare Ragazzi. She recently received her certification for Trichoscopy with Polarized Light and is currently enrolled in school for Holistic Health.

Dr. Andrea Echeverry

PH.D Microbiologist & Immunologist

**Scalp Micropigmentation for men
& women addicted to Keratin fibers**

Andrea Echeverry is a lifelong Biologist with a specialty in microbial pathogenesis and chronic low level inflammation.

During her Ph.D studies in Microbiology & Immunology at the University of Miami, she developed the first neonatal mouse model of intestinal infection using fully pathogenic human-isolated strains of *Yersinia enterocolitica*. Despite having made many discoveries and after a decade in academic research, she decided to become independent to pursue her own scientific interests in the skin microbiome.

This led her to establish in 2012 Hair Pigment Center in Florida with a focus on offering scalp micropigmentation services for men who had failed hair transplant surgery. With time she expanded her paramedical micropigmentation services to Puerto Rico and Georgia to focus on hair loss in clients with skin of color.

She is an expert on hair transplant scar camouflaging and scalp micropigmentation for the skin of color. With these techniques along with her knowledge on the scalp microbiome, she changes cosmetically patients suffering from hair loss or hair thinning due to gut and skin dysbiosis, and environmental factors.

Johanna Amavante Pridemore

Certified Trichologist

Johanna is a licensed Cosmetologist of 10 years and Certified Holistic Trichologist. She has found a way to combine her love of educating and her passion for the beauty industry as an educator for Trichology on a Mission and Schwarzkopf Professional. She has been an educator for a total of 6 years.

Johanna believes that each one of us is made fabulous in our own way, and that we sometimes need help finding it and bringing it out of us. This has been her overall motivation and focus. Johanna states that beauty isn't only on the surface, rather it radiates from within us.

With a leap of faith and support of family she decided to open her salon Fabulously Made Salon & Hair Loss Solutions. Johanna specializes in color, hair loss solutions like hair restoration and hair replacement, and focuses on maintaining healthy hair. She places a high value on listening and understanding her clients needs.

Johanna believes in providing not just a pleasant experience, and consistent service, but providing each guest with what they need to recreate their look at home. Johanna is passionate about educating her guest on achieving and maintaining healthy hair.

"I wanted a professional career that enables me to interact with people as well as allow me to make an impact on their lives. I always do my best to listen to my clients needs and wants. Customer service and experience is extremely important to me and is why I love what I do!"

Daniel Koye

Master Wighacker

Daniel Koye has been working as a union hairstylist in NYC in the entertainment industry for over 16 years. He got this start on Broadway working on 23 Broadway shows. A few of his favorites are Patti Lupone GYSPY, The Trip to Bountiful, The Heiress, and Love Letters to name a few. He now does hair for film and television. His work has appeared on NBC, ABC, Lifetime, Hulu, Amazon Prime, and Netflix.

Daniel's secret to his success is becoming a WIGHACKER and creating custom lace wigs by hand. His passion for wigs and hair inspired him to create a book series and educational course to take out the guesswork in creating custom wigs. In his words, "education is the key to success." Daniel is committed to destigmatizing the misconceptions about wigs and showing the hair industry and international audiences how wigs can enhance your clients personal style and your self-confidence.

Christian Allgood

LE, FNTP, RWP

Bio for Trichologist on a Mission 2022

Christian Allgood is a Licensed Esthetician, Functional Nutritional Therapy Practitioner, Restorative Wellness Practitioner, AIP Certified Coach, Trauma Coach, writer, speaker, and autoimmune warrior. She has helped hundreds of people with autoimmune hair loss heal their gut and reverse their hair loss through the Autoimmune Paleo Protocol (AIP) and the Trauma Resilience Protocol (TR-P).

She believes that reclaiming your health must be a holistic approach addressing the mind, body, and spirit. Over the years, Christian has helped hundreds of chronic illness warriors heal and get their quality of life back. She teaches clients about the importance of nutrition and proper digestion, blood sugar balance, hidden infections, environmental toxins, and safe detox, addressing trauma, mindset, and advocating for themselves with their doctors.
