

# Wee News

## NOW HIRING

We are hiring. If you or someone you know is interested please see someone in the office.

## Dates to Remember

- April 15 - 9 - Week of the Young Child
- April 19 - Off Day of School
- April 22 - Earth Day

Please send your child with hats, mittens or finger gloves, (boots and snow pants as needed) as we do try to the children out daily weather permitting. Also remember April is a transition month weather wise

## April Preschool Themes:

- ~Community Helpers
- ~Week of the Young Child
- ~Love Our Earth (Earth Day Activities)
- ~April Showers

## Get kids excited and involved for Earth Day

If we can educate our children about the importance of caring for our planet through family fun and play, we can only hope they will continue the cycle with future generations

### 1 Reduce

Teach your children about conserving electricity, water and reducing fuel emissions by turning off house lights and appliances when not needed, turning off the faucet while brushing teeth and taking more walks or riding bikes instead of driving.

### 2 Reuse

Look for ways to reuse things around the house or use them for craft projects. Buy or accept secondhand clothing and household items when you can, and donate unused items to an organization or school in need.

### 3 Recycle

If you don't already have one, designate a waste bin for recyclable materials. For younger children draw or use magazine pictures of recyclable items to the side of each bin. It's easier for younger children to grasp the concept of recycling if it's visual — and if the items are separated into categories like plastic, paper and aluminum.

## Please Welcome:

Jace, Adelyn,  
and Luisa

Wee are so happy to have you with us!

Harrison	April 9
Jordyn	April 12
Sam	April 12
