(*with purchase of a meal)

The history and mission of The Hemlock Barn

The Hemlock Barn was founded in 2018 in a micro kitchen on Hemlock Street, called The Hemlock Street Burger Bar. Soon after that, a food truck for events and catering joined the family. A year later, we opened our new location The Hemlock Barn; where you are now! We have a passion for using local ingredients and making as much as we can in house. We are fast food, but we are also whole food. We built our brand off the smash burger, and were the first in the region to do these burgers! Being located near the St Jacob's Market as well as many farms gives us the opportunity to source about 80% of our food locally. Our maple syrup is tapped in a bush located right behind this property, our potatoes come from a farm down the street, and our coffee is from Baden! The Hemlock Stable is the newest addition to our business (downstairs), and is partnering with several local breweries to bring you what we believe is the best beer in the area. Our mission is to not only support local by buying local, but also by contributing to local shelters to support what we believe to be an overlooked population in the area. Every summer we organize a "Pay What You Are Able" event with all proceeds donated to OneRoof; a local homeless youth organization; a backpack drive in the fall, and dinners at Christmas! Amidst the uncertainty over the last few years, we are also proud to say that we are a living wage employer. We want to thank everyone who has supported us, and continues to support us as we make our dreams a reality!
