

THOMPSON TRADERS

Bring on the drama! The exquisite new Escondido Vanity will take center stage in any powder room. The vanity features a variation on the original, with an off-center design that offers additional counter space. Its sleek shape is elegance and grace in harmony. And, Thompson Traders' new matte black finish shines. It complements popular design trends today, and at the same time, celebrates expert coppersmiths in Santa Clara del Cobre, Mexico who've created the new signature matte black finish.
