

THOMPSON TRADERS

Make A Striking Statement

Brass

Thompson Traders' craftsmen are truly masters of metal. Their dedication to hand-hammering and finishing techniques from Santa Clara del Cobre, Mexico translate seamlessly to durable and distinctive brass. The age old technique elevates the material's brilliant shine. Don't see what you want. Contact us at 336-272-3003 to inquire about creating a custom brass sink.

Black Is the New Black

Matte Black

Thompson Traders is a master of crafting authentic handmade sinks, tubs, and accessories for the kitchen and bath. This marks the launch of our newest finish - Matte Black. The collection gets its inspiration from Oaxaca, Mexico - a region known for its excellence in sculpting black clay pottery. Don't see what you want. Contact us at 336-272-3003 to inquire about creating a custom matte black sink.

A Warm Glow

Rose Gold

The universal warmth of rose gold makes it an elegant match for nearly any home décor. It complements a more contemporary aesthetic and blends nearly seamlessly with other metallics, which bolsters the continuing trend toward mixing metals. Don't see what you want, this is not our entire selection. Please visit us at www.thompsontraders.com or contact us at 336-272-3003 to inquire about creating a custom rose gold sink.

Range Hoods

Bring Your Designs to Life

Thompson Traders custom range hood program makes it easier than ever to bring your designs to life. Building a custom range hood from your final design drawing takes only 10 to 12 weeks.

- **Send us a sketch or image**

Your inspiration will get us started on your bespoke range hood. We can manufacture virtually anything out of copper or brass.

- **Choose finish and/or texture**

Thompson Traders offers ten finished and eight textures. Choose an amazing finish and layer in one of our handcrafted textures for a piece all your own.

- **Choose range hood insert**

Power Requirements:

Power is measured in “Cubic Feet per Minute” or CFM. We recommend keeping CFM equal to 1% of the Total BTU output of your cooktop. You should also check the CFM recommendation from your cooktop manufacturer.

Measurements:

To be effective, the width and depth of your range hood should cover the burners of the cooktop. To

- **Approve final drawing**

The final drawing will be prepared by Thomson Traders only after having received a formal P.O. Allow five business days after sending P.O. to receive a CAD drawing for your approval.
