

THE CATS OF MAYWOOD

WE CAN DO BETTER!

Maywood embroiled in scandal; D.A. investigation into possible corruption dominates City Council meeting.

(7 MAR 2018, THE SPRAWLMEDIA)

The City of Maywood is enveloped in accusations of pay to play contracts and bribery of city leadership, claims of high level nepotism, and a city government which is in debt by over \$15 million—two times what its yearly spending is.

On February 9th, D.A. investigators searched the residences of Maywood Mayor Ramon Medina, former Councilmember Sergio Calderon, 13 businesses and City Hall itself seizing boxes of documents and computers.
