

CURATED TABLE
CATERING

FAMILIAR FOOD, ELEVATED

OUR STORY

What began as a small operation out of a restaurant kitchen grew into something much bigger — because our customers kept coming back, and kept telling their friends. Word spread, loyalty deepened, and Curated Table was born.

Today we operate from three strategically located kitchens across the wider Calgary area, bringing the same care and quality to every event — whether it's a corporate lunch for 20 or a celebration for 2,000.
