

**Mr. Philipp Rosenauer**  
*Chairman, Legal Commission*

Philipp works with PwC Zurich and is a member of its Legal FS Regulatory & Compliance Services practice. In his position as Head Legal Function & Legal Strategy Advisory Philipp focuses on disruptive Innovation in the LegalTech and RegTech market. He is responsible for managing large scale legal regulatory projects. As a legal expert in the financial services industry, he is supporting clients like Banks, Asset Manager, Traders or Insurance Companies in order to comply with Swiss and EU financial regulations.

Before joining PwC Philipp worked with the Financial Market Authority in the Supervision Section where he was primarily responsible for organizing and executing AML/KYC audits at financial intermediaries. Prior to this Philipp was legal associate at two leading business law firms. Philipp has also for several years worked as a Consultant at a management consultancy where he was as project manager responsible for the administration and coordination of various projects with particular focus on IT implementation.

He received a Master degree in Law and a Master degree in Business Administration from Johannes Kepler University (Linz, Austria). Moreover, he is a certified Chief Compliance Officer (CCO) and holder of the CFA Investment Foundations certificate. He authored numerous publications and articles in scientific journals.

For Philipp, sport is not just a source of recreation but also an inspiration. He regularly enjoys competing in obstacle races around the world together with colleagues and friends. Besides that, he is a passionate skier and engages in water sports like sailing, surfing and diving. Philipp is also a founding member of Swiss Spartans and the Swiss Obstacle Sports Federation and currently serves as Treasurer for both associations.
