The Competition Rules is the Master Source Document (MSD), found on the World OCR website at worldocr.org. The web based document acts as the official (authorized) reference document and is maintained based on authorized amendments in accordance with recommendations by the Technical Commission and accepted by the FISO Executive Board.

Each event of World OCR has a specific set of rules that references this MSD and a corresponding Course Specification Manual.

1. INTRODUCTION:

1.1. Purpose

1.1.1. The Fédération Internationale de Sports d’Obstacles (FISO) is the sole governing body, responsible for Competition Rules for Obstacle Racing (the “Rules”) and its related sports. The disciplines and events under the jurisdiction of FISO are included on the World OCR website as updated from time to time;

1.1.2. The Fédération Internationale de Sport d’Obstacles Technical Committee (TC) will ensure technical aspects of FISO competitions are of the highest quality;

1.1.3. The Rules specify the conduct and behaviour of athletes during FISO competitions.

1.1.4. The FISO Event Organizers’ Manual and its related documents set safety and logistical standards for host National Federations (NFs) and for the Local Organizing Committees (LOCs);

1.1.5. The FISO Officials Certification Program sets the standards for certifying FISO Technical Officials (TOs);

1.2. Intention

1.2.1. The Rules are intended to:
   1.2.1.1. Create an atmosphere of sportsmanship, equality, and fair play;
   1.2.1.2. Provide safety and protection;
   1.2.1.3. Emphasize ingenuity and skill without unduly limiting the athlete’s freedom of action;
   1.2.1.4. Penalize athletes who gain an unfair advantage;

1.2.2. Definitions of all terms used in The Rules are provided in Appendix A. Any difficulty in the interpretation or application of Rules should be referred to the TC.

1.3. Language and Communication

1.3.1. The official language of FISO Events is English.
   1.3.1.1. NFs are responsible for providing translation services from/to English for their own athletes
   1.3.1.2. LOCs will communicate at least in English, even if another language is used in parallel.

1.4. Modifications

1.4.1. The Rules will be adapted for related sports competitions, which fall within FISO’s jurisdiction.

1.4.1.2. An athlete shall not be permitted an advantage not intended by a rule, or to conduct him/herself in a dangerous way. To implement this, infringements related in The Rules have a sanction attached. Officials base their judgments on whether an advantage, not intended by the Rules, has been gained.
1.4.1.3. FISO Competition Rules will be applicable to international competitions hosted by National Federations (NFs) affiliated with FISO.

1.5. Exceptions

1.5.1. The Rules will be applicable to all events sanctioned by FISO and are to be implemented by the appointed Technical Delegate (TD) as appropriate. Where the Rules conflict with the laws of the jurisdiction in which the event is to be held, The Rules will override the laws of the jurisdiction to the extent of the inconsistency.

1.5.2. Athletes must be notified of the implications of these laws as early as practical and no later than the start of the event.

1.5.3. Exceptions for special circumstances in a particular event may only be granted by FISO with prior approval. A request for an exception to The Rules must be made in writing to the TC through the NF to whom the application has been submitted or is being submitted.

1.6. Specific Regulations

1.6.1. A TD may approve the addition of specific regulations for a particular race, provided that:

1.6.1.1. Each additional specific regulation does not conflict with another FISO Competition Rule;

1.6.1.2. Each additional specific regulation is made available in written form and is announced at the athletes’ briefing; and

1.6.1.3. Each additional specific regulation and the reasons for its inclusion are advised to the TC one week before the day on which the event is to be conducted. The TC may invalidate the incorporation of an additional specific regulation only on the authority of the FISO Executive Board.

1.7. Intellectual Property

1.7.1. FISO Events are the exclusive property of FISO, which owns all rights associated including, without limitation, the rights to organize, exploit, broadcast and reproduce FISO Events. These rights include any type of digital or analogue media, whether that is photographic or video in nature, captured from within the boundaries of the field of play, regardless of ownership of the capturing device. All the personal data from the athlete entered into any FISO event and the data produced from the event, including the results are exclusive property of FISO.

1.7.2. Prior to competing in World Cups or FISO World Series events and related Championships, Elite, , Junior athletes and para-athletes must sign the FISO Athletes’ Agreement, which states that any dispute arising from the FISO Rules that cannot be settled by its existing appeal procedure, shall be settled finally by the Court of Arbitration for Sport (CAS) in Lausanne, Switzerland, to the exclusion of recourse to ordinary courts. Once signed, the FISO Athletes’ Agreement is valid until the end of the competition year it has been signed in.

1.8. Unauthorized Exceptions or Additions

The unauthorized exception to, or addition of a Competition Rule will prevent an event from being sanctioned and will invalidate a sanction, which has already been granted to an event. This could result in legal complications, particularly in the case of accidents during the event and in subsequent requests for approval from NFs and/or municipal authorities to use land or property under their jurisdiction. Insurance authorities have also warned that claims made under such circumstances may be
considered invalid.

1.9. Rule Updates

The Rules may be changed from time to time by the TC at its discretion, with the approval of the FISO Executive Board. Any such rule change(s) shall be advised in writing to affiliated NFs at least 30 days before taking effect. Updated FISO Competition Rules will be posted on the FISO website (worldocr.org).

3.9.1. Proper Subject of Protest

• No protest may be filed with respect to matters which were observed by or previously ruled upon by a race official.

• No person may file a protest which requires a judgment call. A “judgment call,” as used in these Rules, means the resolution of a dispute involving one or more material facts which cannot be determined with certainty solely through the production of tangible physical evidence. Physical evidence may include images and video.

• The term “judgment call” shall include but shall not be limited to a resolution of:
  o allegations of blocking, obstruction, or interference; or
  o allegations of unsportsmanlike conduct.

• Any protest filed in contravention of this Section shall be summarily dismissed under Section 3.7.4.

3.9.2. Protests Involving Eligibility. Protests contesting the eligibility of any participant to compete or to represent an organisation in an event shall be made in writing to FISO or to the Head Referee before the event begins. A participant may be allowed to compete under protest if FISO or the Head Referee deems it appropriate.

3.9.3. Standing to File Protest. Protests may only be filed by participants who directly observed the subject of the protest, who were directly and personally involved in any incident relevant to the protest, and who possess direct, detailed, and personal knowledge of the subject of the protest.

3.9.4. Summary Dismissal of Protest. With respect to each protest filed, the Head Referee shall make an initial determination as to whether the protest complies with all of the provisions of the Article and whether the protest is factually sufficient to support a ruling by the Protest Committee. If the protest is improper or deficient in any respect, the Head Referee shall summarily reject and dismiss the protest and shall not be required to submit the matter to the
Protest Committee. If the defect is curable in the opinion of the Head Referee, the Head Referee may allow the protest to be resubmitted within a reasonable time, even if the time period in Section 3.7 e) has already expired.

3.9.5. **Notification of a Protest.** A protester must verbally notify finish line staff within 5 minutes of crossing the finish line.

3.9.6. **Time for Filing Protests.** All protests must be filed in writing and submitted to the Head Referee within thirty (30) minutes after the person filing the protest has crossed the finish line.

3.9.7. **Contents of Protest.** All protests must be factually sufficient to support a just ruling by the Protest Committee and must contain the following:

- The specific Competition Rule or Rules alleged to have been violated;
- The location and approximate time of the incident;
- The person or persons involved in the incident;
- A detailed statement of the specific facts, including a diagram if necessary or appropriate; and
- The signature of the person filing the protest, which shall constitute an affirmation that the facts stated therein are true.

Failure to comply with any aspect of this Section shall subject the protest to summary dismissal.

3.9.8. **Notice of Protest.** All persons involved in or affected by a protest shall be notified thereof and shall have access to the contents of the protest.

3.9.9. **Protest Committee.** The Protest Committee shall be comprised of the Head Referee and two Judges appointed by the Head Referee. The Head Referee shall serve as chairperson of the Protest Committee and shall have full authority to conduct the protest and maintain order. The Protest Committee will issue a final determination with respect to all protests timely filed and not subject to summary dismissal.

3.9.10. **Protest Hearing.** In hearing a protest, members of the Protest Committee shall weigh the evidence and testimony impartially and shall render a decision in accordance with their best judgment. During all protests:

- The Head Referee will read the protest;
- The person who filed the protest and all participants involved in the incident must be present, unless medically unable to attend in which case the Head Referee shall postpone the hearing or allow a representative to participate on behalf of the injured person;
- All persons required to be present shall be allowed three minutes to relate their accounts of the incident, or such additional time as the Head Referee may allow;
- A maximum of two witnesses for each participant involved in the protest may be allowed to speak for three minutes each; and
- No spectators or partial observers shall be allowed to participate in the hearing.

3.9.11. **Protest Ruling.** After dismissing all parties, the Protest Committee shall review the evidence and render a prompt decision. The decision will be posted immediately.

3.9.12. **Effect of Protest Decision.** The summary dismissal of a protest by the Head Referee or the decision of a Protest Committee shall be final, and official race results shall reflect those determinations. Official results and the determination of any Head Referee or Protest
Committee can be subsequently modified only by FISO pursuant to an appeal duly filed in accordance with Section 3.8 of these Rules.

3.9.13. Announcement of Official Results. Until all protests are finally determined, the official results of any event shall not be announced, and no prizes for that event shall be awarded unless any outstanding protest is officially withdrawn.

3.9.14. Presence of Participants. All race participants are required to be present and to participate in the hearing of any protest in which they were involved. A Protest Committee may render a decision in the absence of any participant who fails to appear in a reasonable time. Except for medical reasons, all participants shall remain available for participation in any protests until such time as official race results are announced, the period for filing all protests has expired, or permission to leave the vicinity is granted by the Head Referee.

3.10. Hearings and Appeals

Athletes punished with a penalty have the right to appeal.

3.10.1. Board of Hearings and Appeals. FISO shall establish a Board of Hearings and Appeals which shall consist of at least twelve (12) members, including the chairpersons of the Legal Committee, the Commissioner of Officials, at least four (4) athlete representatives, and such other members as may be selected by the Executive Director. 8. COMPETITION IN QUALIFYING ROUND FORMAT

8.1. General

A competition in Qualifying Round Format consists of several rounds with a number of heats and a final to determine the winner. Athletes qualify for the final based on time. The fastest 16 athletes proceed to the final.

8.2. Rounds

8.2.1. The rounds will be called heats and final.

8.2.2. A competition will have two rounds. Round one is the heats and round two is the final.

8.2.3. The number of athletes in a race is determined by the number of lanes or the width of the course. In general there are two (2) and up to eight (8) lanes if not mass
8.2.4. For races with 8 lanes, heats and final will have 16 athletes per race as a maximum. In this example, the number of heats will be determined by the total number of athletes divided by 16 plus 1 if the result is > a whole number (discard the digits after the decimal point.)

8.2.5. There are 16 athletes in each heat unless the total number of athletes divided by 16 is not a whole number. In this case, two heats will have a smaller number of athletes distributed evenly between them +/- 1.

8.2.6. Examples

- 17 athletes entered, then 17 / 16 = 1.06 (discard .06 and add 1) = 2 heats. One heat of 8 and one heat of 9. 16 fastest proceed to final.
- 32 athletes: 32 / 16 = 2 (who number) = 2 heats, each with 16 athletes, 16 fastest proceed to final.
- 345 athletes: 345 / 16 = 21.56 (discard .56 and add 1) = 21 heats. 20 heats of 16 (320 athletes), one heat of 12 and one heat of 13 (25 athletes)

8.3. Distribution of athletes in the semi-finals

The TD will compose the heats as follows:

8.3.1. If there are not any applicable rankings, the athletes will be distributed among the heats in order to have the same number of athletes per semi-final (some semi-finals can have one more athlete than others). The athletes from the same NF will be distributed among the heats following the same principle.

8.3.2. If a ranking is applicable, the ranked athletes will be distributed according to the chart below and the non-ranked athletes will fill the remaining spots by applying the principle of assigning a similar number of athletes from the same NF to every heat and keeping all the heats of equal size.

8.4. Numbering

The numbers in the final will be assigned as first criteria according to finishing time in the heats (fastest has number 1, slowest has number 16). The second criteria will be the FISO points list position, and the third a random apportionment.

8.5. Results

The overall results for the event will be the results of the final round.
If the event is included in any ranking which is allocating points to more positions than finishers in the final, the remaining points will be awarded as follows:

8.5.1. To the DNF athletes in the final, according to their times in the heats.

8.5.2. To the DNS athletes in the final according to their times in the heats.

8.5.3. To the athletes who did not qualify to the final, according to their times in the heats.

8.5.4. DSQ athletes will not earn any points.

9. PARA-OCR

9.1. General:

9.1.1. Para-OCR, as per the FISO Constitution, is governed by the FISO Competition Rules. This section contains the rules which affect only para-OCR.

9.1.2. Para-OCR Sport Classes (categories):

9.1.2.1. FISO Para-OCR has implemented an evidence-based classification system to group impairments into sport classes according to the extent of activity limitation they cause the athlete when performing in the sport of para-OCR.

9.1.2.2. The recognised types of impairment by the FISO are:

<table>
<thead>
<tr>
<th>Impairment Type</th>
<th>Examples of Health Conditions that may cause impairment</th>

</table>
Vision Impairment | Myopia, tunnel vision, scotoma, retinitis pigmentosa, glaucoma, macular degeneration, congenital cataract.

9.1.2.3. General description of Obstacle Sport Classes

In Para-OCR (PO) there are four (4) different sport classes for athletes with physical impairment, numbered 1-4 and one (1) sport class for athletes with vision impairment.

Each sport class is for athletes with similar impairment types and severity, so the impact of impairment on the performance within one class is similar.

Athletes are assessed through physical and technical assessments using a point system and a weighing factor for each component of the sport (grip strength, agility, mobility, core strength, running, etc.) The total score determines the athlete’s sport class.

PO1 (Wheelchair) Athletes compete in a racing wheelchair for the run section and are standard obstacles are modified to facilitate completion using only upper body strength. This class includes athletes with, but not limited to, impairments of muscle power, range of movement, limb deficiency such as unilateral or double leg amputation, spinal cord injuries resulting in paraplegia or tetraplegia, etc.

PO2-4 (Ambulant) Athletes run with or without the use of an approved prosthesis and/or supportive devices and fall into one of three (3) different classes. These sport classes include but are not limited to Athletes with impairment of muscle power, range of movement, limb deficiency, hypertonia, ataxia, athetosis.

PO2 Athletes with a severe degree of activity limitation such as, but not limited to, unilateral above knee amputees, double below knee amputee, athletes with a significant combined upper and lower limb muscle power limitation or severe neurological impairment such as congenital hemiplegia, severe cerebral palsy, etc.

PO3 Athletes with a moderate degree of activity limitation such as a through the shoulder amputation, complete loss of range of motion in one arm, a moderate combined upper and lower limb loss of muscle power or moderate neurological impairments such as ataxia or athetosis.

PO4 Athletes with a mild degree of activity limitation such as a below the elbow arm amputation, below the knee amputation, partial loss of arm muscle power, lower limb deficiency or mild neurological impairments such as ataxia or athetosis.

PO5 (Visual Impairment) Athletes run and complete obstacles with a guide.

9.1.2.4. The five sport classes are defined as follows:

- PO1 - Wheelchair users. Includes athletes with comparable activity limitation and an impairment of, but not limited to: muscle power, limb deficiency, hypertonia, ataxia, athetosis that prevent the ability to run. Through classification assessment, athletes must have a score of up to 640.0 points;
• PO2 - Includes athletes with comparable activity limitation and an impairment of, but not limited to, limb deficiency, hypertonia, ataxia and or athetosis, impaired muscle power or range of movement that through classification assessment have a score of up to 454.9 points. Amputee athletes may use approved prosthesis or other supportive devices.

• PO3 - Includes athletes with comparable activity limitation and an impairment of, but not limited to, limb deficiency, hypertonia, ataxia and or athetosis, impaired muscle power or range of movement that through classification assessment have a score from 455.0 to 494.9 points. The athlete may use approved prosthesis or other supportive devices.

• PO4 - Includes athletes with comparable activity limitation and an impairment of, but not limited to, limb deficiency, hypertonia, ataxia and or athetosis, impaired muscle power or range of movement that through classification assessment have a score from 495.0 to 557.0 points included. The athlete may use approved prosthesis or other supportive devices.

• PO5 - Total or Partial visual Impairment (IBSA/IPC defined sub-classes B1, B2, and B3): Includes athletes who are totally blind, from no light perception in either eye, to some light perception but unable to recognize the shape of a hand at any distance or in any direction (B1) and partially sighted athletes with a visual acuity of less than 6/60 vision or visual field less than 20 degrees with best corrective vision (B2-B3). One guide is mandatory throughout the race.

9.2 Classification:

9.2.1. All Para-athletes competing at a FISO sanctioned competition must have an international classification to ensure they meet the minimal eligibility criteria for competition and are assigned an appropriate sport class. Para-athletes requiring classification will need to:

• be available to attend an International Classification appointment with an FISO designated Classification Panel prior to the competition;

• provide, at time of classification, the “FISO PI Medical Diagnostics Form” or “FISO VI Medical Diagnostics Form” signed by the appropriate medical personnel, a passport sized photo and any other relevant medical documentation.

9.2.2. Para-athletes competing at an FISO event, where classification is not available, will be required to submit specific medical documentation to FISO, no later than 4 weeks before competition, so that a provisional classification can be assigned to them.
9.2.3. When an athlete’s sport class changes, a revision of the past results can be requested. FISO will evaluate each request on a case to case basis and decide whether the relevant race results need to be modified.

9.3 Eligible classes and Race formats

9.3.1. Para-athletes may start all together or grouped in waves.

9.3.2. At the discretion of the technical delegate a competition format may be changed to meet the needs of the para-athletes competing.

9.4 Para-athletes’ briefing:

9.4.1. A compulsory briefing of para-athletes will be held before all FISO events and will be conducted by the FISO TD. Para-OCR coaches may also attend the briefing.

- Para-athletes not attending the briefing without informing the TD of their absence, may be removed from the start list.
- Para-athletes must notify registration official(s) of their presence upon entering the briefing room.

9.4.2. All guides and personal handlers must be registered at the briefing.

9.4.3. All para-athletes will pick up their own race packet following the briefing. The race packet will include:

- P1: 1 race number sticker for each prosthesis/aiding devices, 1 official race number for the athlete and 2 official race numbers for the personal handlers;
- P2, P3 and P4: 1 race number sticker for each prosthesis/aiding devices, 1 official race number for the athlete and 1 official race number for the personal handler;
- P5: 1 official race number for the athlete and 1 official race number for the guide with the word “GUIDE” written on it.

9.5 Para-OCR Personal Handlers

9.5.1. Securing qualified personal handlers shall be the responsibility of the para-athlete, and they should all be identified and receive credentials from the FISO TOs at the Para-OCR Briefing.

9.5.2. Personal handlers are to be allotted as follows:

- One (1) personal handler for sport classes P2, P3 and P4;
• Up to two (2) personal handlers for sport class P1;
• No personal handlers for sport class P5 (Guides may act as the personal handler for this sport class).
• Personal handlers are specifically allowed to assist para-athletes by:
  • Helping with prosthetic devices or other assistive devices;
  • Lifting para-athletes when their reach is insufficient to negotiate an obstacle, for example a wall;
  • Adjusting clothing;
  • Repairing or helping para-athletes with equipment.

9.5.3. All personal handlers shall be subject to the FISO Competition Rules in addition to further regulations deemed appropriate or necessary by the Race Referee.

9.5.4. Any action taken by a personal handler, which propels the para-athletes forward may result in a disqualification.

9.5.5. One personal handler can assist a maximum of two athletes, provided that both athletes belong to the same sport class and gender.

9.5.6. All personal handlers shall be located within six (6) feet of their athletes’ transition spot during the race. Permission from a TO is required in order to move outside that zone.

9.6. Para-OCR Registration Process

9.6.1. Briefing registration:

9.6.1.1. Para-athletes have to sign the attendance list in order to enter the briefing room. At this stage, they must communicate to the registration officials whether they will have their own personal handler, or if they need the LOC to provide the personal handler(s).

9.6.1.2. Para-athletes must attend the briefing with their personal handler(s);

9.6.1.3. Immediately after the briefing, they will collect their race packet and their personal handler(s) will collect the personal handlers’ official shirt, as provided by the LOC.

9.6.2. Para-athletes’ lounge check in
