ABOUT THE SHOW...

The setting is the front porch of Roy and Elizabeth's home in Maynard, Texas, on a hot summer afternoon. Elizabeth and her friend Hattie are whiling away the time folding laundry, watching TV, sipping bourbon and Coke, and gossiping about the many open secrets which are so much a part of small-town life. They are joined by the self-righteous Amy Lee who, among other tidbits, can't resist blurting out that Roy has been seen around town with another woman.

While the ensuing conversation is increasingly edged with bitter humor, from it emerges a sense of Elizabeth's inner strength and her quiet understanding of the turmoil which has beset her husband since his return from Vietnam. He is wild, and he is unfaithful, but he needs her, and she loves him. And she'll be waiting for him when he comes home—no matter what others may say or think.

WE STRIVE TO GIVE STUDENTS 'A PLACE TO HANG THEIR HAT'

The North Hall High School theatre program, the Hollow Horse Players, exist to support students in their building of skills that will carry them through life. These skills include self-confidence, communication skills, interpersonal relationships, team building and leadership.

Students will also benefit from cultural exposure, helping them to develop a more global picture of the world around us. Students, parents and staff will respect individual differences in order to help everyone involved to feel a sense of belonging. As we work on productions, we will be honest, courteous, and tolerant while we build each other up. As we take into consideration our other commitments outside of the theatre, we will set expectations so that all involved can be dedicated while carefully managing their time.

So that we can all be beneficiaries of a positive theatre experience, we will treat each other with respect and kindness while maintaining a positive attitude, a sense of humor and a desire for excellence.
