

Reversible Fabric Face Mask

Cut four each of reversible mask halves.

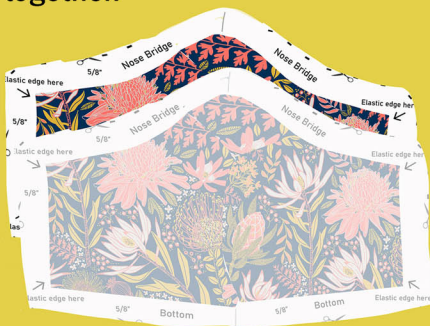

Join halves together and sew down the center. Cut 1/4" to seam and clip curves.

Flatten each side out and match printed sides together.

Pin two 10 inch pieces of 1/8" elastic on one side

Put two front sides together with elastic inside and sew 5/8" around edges. Cut 1/4" to seam and clip curves.

Turn the two sides inside out so that the printed pattern and elastic ear tabs are on the outside. Hand stitch opening at bottom.
