Absolutely! Many of our Nurse Cruise attendees bring spouses, children, or friends along to enjoy the cruise together. It's a great opportunity to combine professional development with a memorable family vacation.

Who is the Nurse Planner for the conference?

Our Nurse Planner is Dr. Heather Fenton, EdD, MSN, RN, a highly experienced nurse educator with over 20 years in nursing education. Dr. Fenton currently serves as the Director of Nursing Programs at Northeastern State University in Oklahoma. She has successfully hosted Nurse Cruise events annually since 2014 (with the exception of the COVID years) and is dedicated to providing meaningful, evidence-based continuing education in engaging, real-world formats. Her leadership ensures that CEU programming meets high standards of quality, relevance, and professional growth.

How many Continuing Education (CE) hours will I earn?

Participants will earn up to 10 contact hours of continuing nursing education:

This activity will be submitted to the Midwest Multistate Division for approval to award 10-contact hours. The Midwest Multistate Division is accredited as an approver of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation

What is the refund policy for the cruise and the conference?

- **Cruise Deposits:** Deposits are fully refundable up to final payment date
- **Cruise Refunds:** Refunds for the cruise portion are subject to the cruise line's cancellation policy. These vary depending on how far in advance you cancel. Be sure to review the cruise contract.
- **Conference Refunds:** Cancellations more than 90 days before event will be refunded at 100%. 60-90 days 75%; 30-59 days 50%, 15-29 days 25%; 14 days before event--no refund BUT 50% credit/voucher toward a future NurseCruise event (case-by-case consideration may apply for emergencies with documentation)
- **Travel Insurance Recommended:** We highly recommend purchasing travel insurance that covers trip cancellation, medical emergencies, and cruise-specific issues.

Do I need a passport?

- A passport is highly recommended, even though it is not required for U.S. citizens sailing on this closed-loop cruise (a roundtrip voyage that begins and ends at the same U.S. port). However, your passport should be valid for at least six months beyond the last day of travel.
- While you may be able to board the cruise with other forms of ID (such as a birth certificate and government-issued photo ID), having a valid passport is essential in the event of a medical emergency, missed ship departure, or other unexpected situation in a foreign port. Without one, returning to the U.S. from an international destination can be extremely difficult and delayed.

Is Wi-Fi available on the ship?

Yes. This cruise includes complementary Wi-Fi. While onboard Wi-Fi is available, speeds may be limited, especially at sea. If you'll need internet access for independent study or staying connected, consider purchasing a Wi-Fi package in advance or checking with the cruise line about options.
