Mystery Shopper job - Only USA

WHAT IS MYSTERY SHOPPING?

- Mystery shopping involves going to a specified location (or calling, chatting, etc) and acting as if you were a customer while paying attention to certain things. For example, you might be asked to go to Best Buy and talk to the salesman to see how knowledgeable they are about specific questions, or you might go to a restaurant to gauge the food quality and speed. The pay varies, but in general, you can expect to be at least compensated for anything you were required to purchase. There may or may not be additional compensation on top of that, and that compensation may or may not pay well. It depends entirely on the site/app and the task at hand.
