

Massage Chairs

Where Innovative Therapy Meets Comfort

At ZA, we understand the daily grind all too well. Juggling work, family, and everything in between leaves little time for relaxation and self-care. That's why we're passionate about providing you with high-quality massage chairs that bring the soothing benefits of professional therapy right into your home.

With a decade of experience in the industry, we founded ZA with a simple mission: to make self-care accessible to everyone. Back in 2006, finding a massage chair that catered to your specific needs was a challenge. They were expensive, hard to find, and often didn't offer the relief you were looking for. We knew there had to be a better way.

That's why we set out to create ZA massage chairs—innovative, affordable, and designed with your comfort in mind. Our chairs not only provide luxurious comfort but also therapeutic benefits, targeting stubborn knots and tension points to provide relief and relaxation.

At ZA, we believe that everyone deserves a moment of relaxation and rejuvenation. That's why we're committed to bringing you products that enhance your well-being and fit seamlessly into your lifestyle. Join us on our journey to prioritize self-care and make everyday life a little more blissful, one massage at a time.

Elevating Your Relaxation Experience

Our massage chairs are crafted with precision and designed to provide the ultimate rejuvenating experience. What sets us apart is our commitment to excellence in both technology and comfort. Featuring state-of-the-art massage techniques, customizable settings, and luxurious materials, our chairs deliver unparalleled relaxation tailored to your needs.

Whether you seek relief from daily stress, muscle tension, or simply desire a moment of pure indulgence, our massage chairs are here to elevate your well-being. Experience the ZA Massage Chair Difference and discover a new level of relaxation and comfort like never before.

ZA-171

The ZA-171 massage chair gives a full-body massage while experiencing the ZeroG technology that alleviates stresses and strain from gravitational pressure. The chair slowly moves you into a position to defy gravity to increase blood circulation and reduce muscle strain.

HipShape

Relaxes the muscles in your lower back with alternating air compression massage for your waist, thighs, and glutes.

3D Advanced Wave Massage

Rollers that travel up and down and side to side along your back, but also into your back to more closely resemble pressure from a masseuse.

HeatTherapy

Delivers indirect heat to your body to provide pain relief and improved muscular strength and flexibility.

ShapeDetect

Detects your body's shape and size to provide a fully customized massage for you.

ZA-182

ZA introduces its 3D Advanced MassageWave technology, the ZA-182 delivers an amazing custom tailored back massage just like a real masseuse... every time! Featuring a LongRail track, the 3D Advanced Soft MassageWave hits every inch, from your shoulders down to the back of your knees!

SPECIFICATIONS

Seated:

- ReCirculate
- VideoMap
- USB Power Dock
- 3D Advance Wave Massage

YogaFlex

Decompresses spine and joints as it stretches your back and legs to help pain relief and improve the circulation for your entire body.

SpaceSaver

Slides forward before reclining, saving you space. You only need 3 inches of clearance behind the massage chair when it's fully reclined.

LongRail

Moves down your back, encircles your glutes, and ends at your hamstrings, providing a truly comprehensive and immersive massage experience.

AudioWave

Connect your device with AudioWave Bluetooth technology to play music or answer calls.

ZA-201

The ZA-201's 4D Massage creates a deep tissue massage using a roller mechanism that extends up to 5 inches into your body and travels from your neck, down your back, around your glutes and to your hamstrings. This path creates the deepest and most effective long rail massage available in the market.

SPECIFICATIONS

- LegExtender

Executive 4D Massage

Rollers that extend up to 5 inches into your body and travels from your neck, down your back, around your glutes and to your hamstrings.

AutoExtend

Automatically detects your height and adjusts the legrest up to 10 inches.

CalfKneading

Kneads your achy calves, similar to a masseuse, helping to increase circulation and promoting recovery to your sore calf muscles.

Zen360

Surrounds your heels, toes, and the top of your feet with an air compression massage relieving arthritis and stimulating circulation.
