

HealthTech **DermaBindTL™**

Amniotic Allograft Membrane

A unique DUAL LAYERED dehydrated human amnion membrane (dHAM) allograft

BENEFITS

☒ **Wound Healing**

The dual-layers promote regeneration of soft tissue while inhibiting inflammation and scar tissue formation.

☒ **Efficient and Fast**

Treating Practitioner (Licensed to perform debridement/wound-care) does not need special instrumentation

☒ **Safe and Effective**

*Donor tissue is recovered and processed aseptically in full accordance with all industry standards. The **DermaBindTL™** is immune privileged allowing it to survive for extended periods of time without rejection occurring.*

RELEVANT CONDITIONS

- Diabetic Foot Ulcers
- Venous Leg Ulcers
- Surgical Graft
- Arterial Ulcers

ELIGIBILITY FOR INSURANCE VERIFICATION REQUEST (IVR)

- Original Medicare Part B
- Medicare Advantage

Getting Started

Step 1. Electronically complete the Onboarding Document and Purchase Agreement (*One-Time*)

Step 2. Identify Patient for **DermaBindTL™** / Allograft

- Fax the Insurance Verification Request (IVR) with a Wet Signature of the Ordering Provider along with progress notes/pictures relevant to the wound(s). A **Separate IVR** is required for each wound.

The IVR evaluates:

- a. Age of wound(s)
- b. Size changes
- c. Past unsuccessful treatment methods
- d. Type of wound(s)
- e. Other Diagnoses impacting healing capacity (Include face-sheet with ICD-10 codes)

Processing the IVR takes 24-48 hrs when all documents are submitted simultaneously.

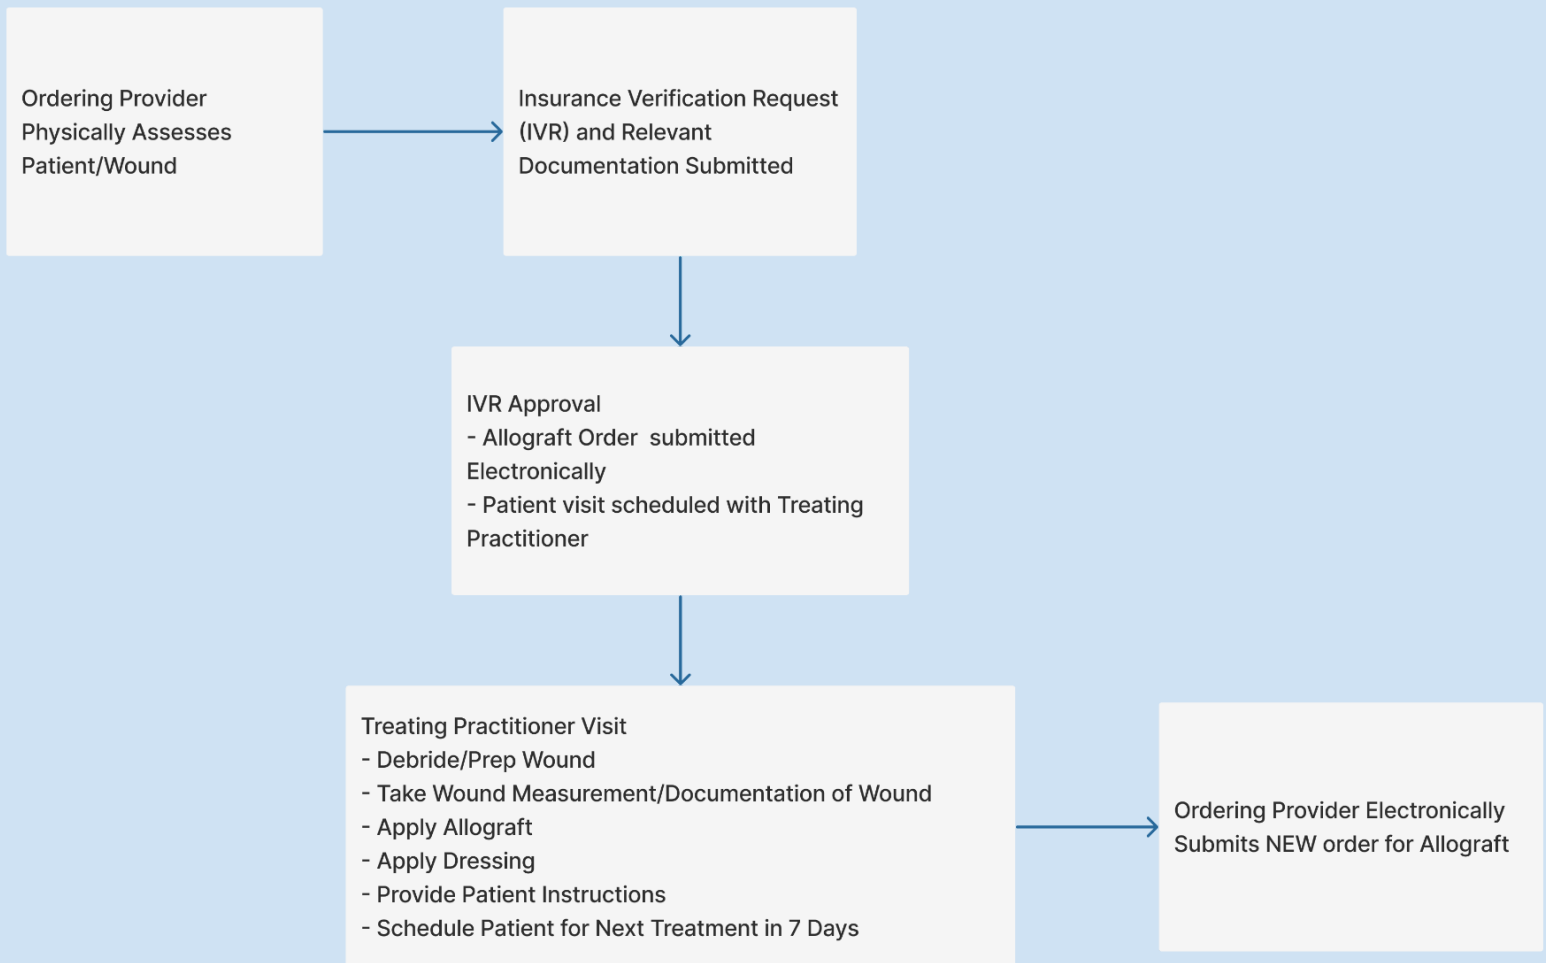

Step 3. Ordering **DermaBindTL™** / Allograft

With IVR approval a Case ID is assigned. The Ordering Provider can now submit the online order form.

- IVR will state approval for a specified number of units (sq cm) as well as number of Membrane Wrap treatment applications.
- Tracking # of order will be provided the same business day.
- Typically allow 5 business days lead time, overnight available.

The Process

If there are any questions or concerns with anything outlined in this document please email woundcare@g3innovative.com and we will get back to you with support as soon as possible.
