

Hello,

I'm Tonya, the Creative Director for *Minnesota Monthly* magazine. We are working on the upcoming July/August issue. The main story in the Taste department is all about the MN State Fair favorite foods. Jason DeRusha is listing all of the classics and highlighting his personal favorites. The burger and a beer at Midway Men's Club is one and I would love to include an image. Would you be interested in submitting photos for consideration in the magazine? My deadline is at the end of the month so I would need any image(s) within the next week or so.

Feel free to email files directly or provide a link. I can also send you our file transfer site. Please include photo credit if required.

Thank you for considering. Please let me know if you have any questions.

All the best,

Tonya
