A Black Rock member shares why they use Vanco E-giving-

"I personally use the bank account method and find it to be so much easier to make my donation on a regular basis ... no matter where I am when my paycheck hits the account. I understand there is a small charge for this service, but feel it is more important for the Church to receive my donation on a regular basis ... even when it's snowed shut."

"I do think the credit or debit card option is expensive, and we could communicate that to members so they understand the cost of using this service. Using the bank account is much more cost effective!"
