

# Global AI Hotspots

Revised November 2025

REGION	COMMENT
<b>1. San Francisco Bay Area / Silicon Valley (USA)</b>	Leads in absolute dollars of AI investment globally.
<b>2. Beijing (China)</b>	Among the highest deal-concentration for AI, particularly in large scale rounds.
<b>3. London (UK / Europe)</b>	A major European hub for AI investment, strong ecosystem and global linkages.
<b>4. Paris (France)</b>	Noted as capturing ~4.3% of global AI-native funding in one dataset.
<b>5. Shanghai (China)</b>	Rapid growth in startup ecosystem, part of China's major AI investment axis.
<b>6. Tel Aviv (Israel)</b>	Strong deep tech / AI startup base, punches above its size in deal-flow.
<b>7. Seoul (South Korea)</b>	Positioned in hardware + AI convergence; also part of major Asian deal flows.
<b>8. Bangalore (India)</b>	Emerging as a major node for AI investment and startup deal flow in India.
<b>9. Dubai (UAE / Middle East)</b>	Emerging hub for AI/tech investment in EMEA; less mature than top 5 but rising fast.
<b>10. Shenzhen / Guangdong–Hong Kong–Macao Greater Bay Area (China)</b>	Strong hardware + AI investment, high growth region, part of China's top clusters.
