On behalf of the Board, we would like to invite you to join the Huron County Growth Partnership Member family. Things have evolved quite a bit over the past year that I have been with the Chamber and we continue to grow and evolve everyday! We have improved our communications, added more benefits and features for our members to take advantage of and are offering more educational classes and seminars. We have now moved to the 12 Benedict location and are working to continue to build upon everything we offer our businesses, members, and community! We have worked so hard to become a stronger advocate for your business and hope you will join us at a reduced rate for the remainder of 2024 to see how a membership can help take your business to the next level!

You may have seen us in several news publications recently. We have two new employees and one dedicated strictly to improving our website, social media and community outreach, ensuring that we are doing everything we can to help keep your business moving forward. We have several BIG events left this year for you to attend, so we hope you will take advantage of this great offer and join us as a member for the remainder of 2024. Then let us know what we can do to best serve you and our community!
