BETTER GUARDS & BETTER MANAGEMENT

Executive Summary

Providing exceptional safety and security services has become one of the hallmarks of Mid-Hudson Security Consultants. As a company, we believe that we have mastered the art and science of providing exceptional service by closely examining our past experiences, understanding industry best practices, and seeking continuous client feedback. As a result of these practices, we've developed the 5 Star Approach.

The 5 key points to providing exceptional service are:

- Screening, hiring, and retaining top talent;
- Placing well-trained employees and supervisors in roles that best suit their skill set and personality;
- Striving for continuous improvement using technology, and a documented Quality Control Plan;
- Unwavering commitment to customer satisfaction;
- Constant oversight and supervision of our personnel.

Armed & Unarmed Security Guards

Our **Armed and Unarmed Security Guards** are experienced professionals who possess specialized skill sets in security, law enforcement, customer service, problem solving, de-escalation, risk mitigation and much more. Our guards are state licensed, competent, and are always attentive to duty.
