**V. Executive V.P. Report by Natasha Maxwell**

Money raised from the pledge drive gets doled out to each department depending on the amount raised. Each department has a "wish-list" that is hoped to be filled after all funds are given out to each department at the end of the year. Some departments ask for additional items based on the needs of that department....(science may need new telescopes, math and new 3-d printer). The budget for the departments are formulated based on needs the prior year. Department heads will sign off on all requested items.
