# Goals ***GALORE***

Red team comes out on the right side of a goal-crazy second half in catering equipment match to raise money for charity By Andrew Seymour

OWN GOAL  
A.PIGGIN

**@FEASTONLINE**

Suppliers and dealers laced up their football boots and took to the pitch at Loughborough University yesterday to play out an entertaining match that raised funds for The Milly-Rose Stirrup Foundation. More than 30 members of the catering equipment sector took part in the match, which was organised by Foodservice Elevated & Accelerated by Specialist Talent (FEAST).

A tight first half played in wet conditions saw the teams go into the interval level at 1-1, with PFR's Andy Piggin opening the scoring for the Reds and Gratte Brothers' Kyle Young equalising for the Greens.

The second half was a much more open affair as legs began to tire, with the red team making the most of the spaces that began to appear and eventually running out 6-3 winners.

Steve Dickinson, Oliver Nelson and Andy Piggin converted for the Reds, while Kyle Young and Leroy Fearon (direct from a corner) kept the tie in the balance until the end.

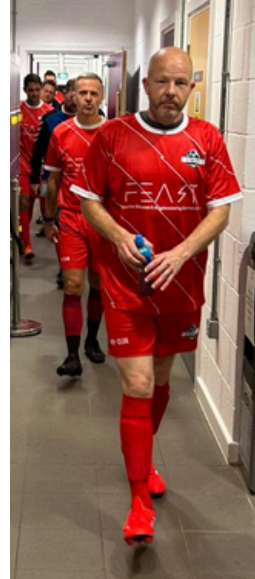

Vision Commercial Kitchens' David Bryant was the man in the middle and kept control of proceedings - only reaching for his pocket once to brandish a yellow card during the 90 minutes.

Paula Krol from Caterglobe and Brendon Daly from SSP managed the teams from the dugouts and had the thankless task of overseeing the rolling substitutions - the Reds managing to temporarily field 12 players at one point!

Most importantly, the event raised more than

£3,000

for The Milly-Rose Stirrup Foundation, a charity set up by the parents of Milly-Rose Stirrup, who passed away very suddenly and unexpectedly in February 2023, at the age of just six-years-old. Its aim is to create a legacy in Milly-Rose's name by relieving the distress of parents and families who have suffered this immeasurable loss.

The day concluded with FEAST Football chairman and Contiquip managing director Greg Archer presenting the trophy to winning Reds captain Nathan Bland, who skippered the team to victory.

Thanks were extended to a number of industry professionals who were instrumental in organising the day, including Justin Ring from Gratte Brothers Catering Equipment, Leroy Fearon from Unox and Mark Sumner from Hupfer.
