

Reception News

02.07.21

Dear Parents and Carers

the times on their clock. Many past' too. Telling the time is a really tricky concept but all of the children were keen and eager to have a go. Well done Reception!

This week the children have been excited to learn all about time during Maths. We have spoken lots about different times of the day, for example in the morning we eat breakfast and arrive at school, at lunch time we eat our lunch and play with our friends and in the afternoon we get ready to go back home. We then began to think more about clocks and telling the time. The children all had their own analogue clock face and really enjoyed following a story and making some of

children were able to show 'o'clock' times and 'half

In Literacy we started our new topic of the seaside. We have discussed what sorts of things we might see or do at the seaside. The children were excited to share their own experiences of the seaside and lots of children were keen to talk about the beach! We also watched some videos of crabs, sea gulls and the sea. The children really enjoyed talking about postcards and what we might write on a postcard and when we might send one. They then had a go at writing their own postcard about what they would do on a trip to the seaside.

The children enjoyed going back to the ICT Suite this week. We were impressed with how well some of the children were able to log into the computers without any help. The children really enjoyed using the computer program 2Paint to create their very own seaside pictures.

We were all extremely excited at the end of the week as we started to see some of our butterflies emerge from their chrysalis. The children were keen to ensure we put some food in for them and were amazed watching them fly around the net. We decided to release the butterflies that we had so that they didn't have to stay in the net over the weekend. The children watched in amazement as they flew away.

Thank you to Ellis' family for their kind donation of a table for our outside area.

Next week:

- We will be recapping some of the concepts that we have learnt this year in Maths.
- We will be continuing with our topic of the seaside in Literacy.

Reminders:

- On the rare occasion that we are unable to dismiss the children at the end of the day, another teacher or staff member will take on this responsibility. It will often be the case that they will have to ask for your password as they do not know you. This is in line with our safeguarding policy and ensures the safety of your child. Your password was set up by yourselves at the start of the year. Thank you in advance for your cooperation.

We hope you have a lovely weekend,

Mrs Ford, Mrs Hall and all of the Reception Team.
