Dear Parents and Carers

This week the children enjoyed listening to the story 'The Snail and the Whale'. After the story we spoke about the size of the Snail and the Whale and later during our small group time the children had lots of fun sorting lots of different objects by size and the children used lots of different language such as big, small, little, tiny, medium size and enormous. Well done nursery!

The children were very excited to decorate their Christmas decoration ready to bring home soon and without giving too much away they enjoyed choosing the colour and the different types of glitter to use. Trust me you are going to love them.

The children were also looking forward to sitting with me to write their name on their Christmas card. We talked about the first letter of their name and the sound and then looked at the other letters. I am so proud of all the children and the progress that they have made and I am so impressed with how many children are holding their pencil with the correct grip. I have such amazing children in nursery.

We have been learning our sounds and this week we focused on the sound 'p' and when asked how many things can you think of that start with the same sound I was amazed with how many they thought of, for example, Penguin, Puppy, Peas, Pink and many more. Great work nursery! We are now starting to get into the Christmas spirit and the children were very excited to make their decoration but we can't tell you much more about it as it is going to be a surprise.

Next week:

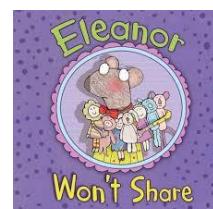

Our sound of the week will be 'i'

Our number of the week will be number '9'

Our colours of the week will be all the different colours for Christmas

Our shape of the week will be all the shapes learnt so far

Our book of the week will be 'Eleanor Won't Share'

Reminder

Thank you to all the parents that have returned their parent post-it notes. If you have not yet done so yet please could you try to remember.

Please can you try not to send your child into nursery with shoes that have laces as we are finding that they are continually coming undone and this can be dangerous when the children are playing outside.

We would like to wish you all a lovely weekend.

Mrs Everett and the Nursery Team.
